JUNE 11, 2008

**ELECTION RESULTS**

On March 28, 2008, in accordance with Executive Order D 028 07, Section III B, it was announced by the Division of Labor that the American Arbitration Association had determined that Colorado WINS had successfully submitted the petition. This petition contained signatures representing at least thirty percent (30%) of those employees of the **Physical Sciences and Engineering** who had been deemed eligible to vote by the Governor's Designee.

Ballots for an election for recognition as a Certified Employee Organization representing the Occupational Group of **Physical Sciences and Engineering** employees were mailed by the American Arbitration Association on May 21, 2008.

Employees in the **Physical Sciences and Engineering** Occupational Group were given the choice of voting for Colorado WINS to represent them as a Certified Employee Organization or to vote for "No Representation".

On June 11, 2008, the American Arbitration Association under the guidance of the Division of Labor opened the ballots that were returned by eligible voters. The official results are as follows:

- **1893** ballots were mailed to eligible **Physical Sciences and Engineering** employees
- **827** ballots were returned by the eligible voters
- **528** ballots were cast for representation by Colorado WINS
- **295** votes were cast for "No Representation"
- **2** void/blank ballots opened

Pursuant to Executive Order D 028 07, and having being selected by majority of those persons voting, Colorado WINS is recognized as the Certified Employer Organization for the Occupational Group of **Physical Sciences and Engineering**.

Questions regarding this procedure can be addressed by either calling 303-318-8441 or by emailing labor.stand@state.co.us.
