Wed

Joseph had apt. c̄ Camden today. Came out crying saying Camden "scared" him. I asked why he was afraid. He said, "She yelled at me, + being so mad scared me like when my dad gets so mad." I asked what Camden was so "mad" a/b? He said, "Cuz I told the truth a/b my dad scaring me, how he pushed me into the wall + screamed in my face." "She said, that never happend, did it?" "Your mom + sisters told u to say that, didn't they, didn't they, didn't they?!" Joseph said w/ ea. "Didn't they" she "screamed louder + louder." A note here - shouting or even slight voice elevation frightens him as this is how his father escalates. I believe in his young psyche, he thinks

a/b what's happening to u, maybe 1 day she'll listen."
— 8:30 pm this same day, Joseph suffering @ migraine h/a, I'm sure from stress of Camden, she is damaging my child!
— Next day — Joseph is an emotional wreck! Still suffering @ h/a — misses school — terrified of being "taken away" from me + his sibs.
— Friday night — Joseph crying, begging me not to send @ dad, terrified. I don't send him, he's immediately relieved. Stops crying + hugs + holds onto me so grateful. Heartbreaking.
— Later this Fri eve. Richard calls — cussing + screaming @ me 4 not sending Joseph. Hang ↑ on him, 10 min later

his good buddy Camden calls - threatening me if I don't send him she, "Has a good mind to recommend custody to Richard!" Hmmmm recommending custody to an abuser... cute. Nice way to threaten a mother! Try to scare her & her child's safety! Bitch! I decide then & there, I will leave this state & him & go into hiding to keep him safe if I have to.

Sat -

Joseph wakes ↑ nervous that dad will come get him 4 today & Sun. I reassure "Not happening." He calms.

Next visit I Camden is c me alone. She has the gall to call me a liar to my face! Just P I show

her pictures of my car that Richard "beat" + dented all over when I wouldn't get out. I also showed the idiot the police report + charges against Richard for domestic violence that went w those pictures! I also gave her the evidence of Joseph's principal, teacher, + School therapist making a report to S.S. + I'm told I'm a "liar, making it all" to keep Joseph from having a relationship w his father? Unbelievable! I'm wondering now if she's not been paid off by Richard + his wealthy wife? Camden is, after all, the hired gun of Richard's attorney!

I then challenge her, "If u don't believe me, at least speak to my older kids, they

range in age from 16-24. Camden refuses. My thoughts - if she spoke to them, she may have to report their stories of abuse to the court, so she doesn't want to, too many witnesses to back ↑ my + Joseph's stories! I smell a pay-off here! I know it was done @ Bill Strong. Camden following same crap as Bill! Both have now refused to talk to best witnesses ⇒ those who actually lived through it.

~~March 25~~

On way to Camden visit 4 Joseph he's crying all the way there. He said, "I hate that lady." I ask "Why?" He said, "She tells me dad never hurt me + I'm lying cuz you, Amanda, + Mary made ↑ this lie to cut my

dad out of my life." I asked what he says when she tells him this stuff. He said, "I say NO I'm telling the truth, like my mom said to, my dad hits me + calls me a ~~#~~ little bastard, he slams me into walls + screams in my face." I asked what she says ~~p~~ you tell her this? Joseph says, "She says I'm lying, we r all lying, my dad doesn't do this stuff, now tell the truth." I ask "What does she say the "truth" is, Joseph says, "that we r all making this?" I tell him to keep telling the truth.

P session, Joseph nervous + in tears again. In the car I asked what happened this X? Joseph angry + upset,

saying to me, "U told me if I told the truth these people would help me!" "All she does is yell at me, I think she's meaner than Bill Strong & I hate him too, why don't they listen to me & help me?"

I was @ a loss - no child should have to be called a liar & go through this! I felt like hell 4 telling him if he was truthful he would b helped & the visits & abuse would stop. I then finally told him it wasn't his fault, these people are bad 4 not listening to him & awful 4 calling him a liar. I assured him to still stick to the truth, not to let her scare him into doing what she wants, which

my son's safety & well being is more important than any threats from you or Strong, I will <u>not</u> send him."

<u>July 05</u>

Haven't documented a while b/c same things happening. until this visit when Joseph refuses to go back to Camden, <u>begging</u> me not to make him! stating again, "I hate her." "She's mean, I tell her dad says mean things also you + she says I'm lying." "Please don't make me go, please, I don't wanna be yelled at." I cancelled his appt. enough's enough!

was lying, b/c if he told the lies she wanted him to, things would get worse & he would b forced into more λ c̄ dad - so keep telling truth.

Next visit

Pretty much as all b/f more pressure to say we r all liars & dad is totally innocent followed by yet another migraine headache.

Missed school next day, due to stress & h/a. - Camden also hounding me for more money.

Camden calls to threaten me if I don't send Joseph to dad's this λ, she'll tell judge to hold me in contempt. I did tell her to "go ahead,

anyone yelling will turn to violence.

Left WKS visit w/ Camden

Joseph comes out tearful. I asked in front of Camden what had happened. Joseph too terrified to talk. When he was out in hall away from ear-shot I said to her, "I will get to the bottom of this." All I got was a very smug look in return.

In the car I asked again what happened? Joseph said, "She said you & me & my brothers & sisters are all liars!" "I got real scared cuz she told me she could make me live w/ my dad, is that true Mommy?" I said, "NO absolutely not, I won't ever let that happen!" "Just keep telling her the truth
