Test Election Using the SCORE System

I would like to register to vote! I moved to Colorado back in January.

The Registration Judge enters the information into a new voter record. The effective date would be the current date of registration because the COR is Election Day, 4/26/2013.

A mail ballot is generated by the SCORE system.

If the voter prefers to vote in person that day the Registration Judge can issue a ballot using the current Early Voting Module.

Election Date: Apr-26-2013 | Election Type: Coordinated | Description: 2013 Test Election

Election Details
- Include Certified Contests
- Election Template
- Measures & Races
- Post Shared Contests
- Ballot Styles

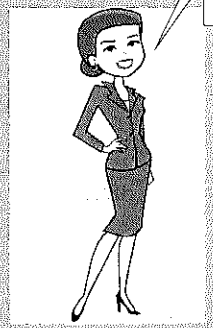
Municipal Election		Inactive - Failed to Vote Eligible for Mail Ballot	

Poll Hours: Open / Close

Publication Dates: Start 04/06/2013 / End 04/22/2013



Hi! I moved to Denver from Parker earlier this year. I need to change my address and pick up a ballot!

The Registration Judge would verify the voter hasn't cast a ballot in Douglas County. Once that is verified the Registration Judge would pull the voter to Denver and issue a ballot.

Active Ballots in Other Counties

Hello. I moved from Oregon to Colorado last week. I heard there is an Election for School Board and I'd like to participate.

Because the voter doesn't meet the residency requirements she will be required to vote a provisional ballot. After Election Day the election official will determine if the voter meets the registration requirements.
