FINANCIAL MATTERS

June 30, 2015 Financial Statements: The Board reviewed the June 30, 2015 unaudited financial statements and schedule of cash position. Director Hethcock expressed her concern as to why the tax revenue from Beebe Draw Farms Metropolitan District No. 1 and Beebe Draw Farms Metropolitan District No. 2 has not been transferred to the Authority per the Authority Establishment Agreement. Ms. Johnson explained that the District's Accountant, Ms. Mortimeyer, has been working with new staff at the County regarding the notifications the Authority received in 2015 regarding oil and gas company tax refunds. Ms. Mortimeyer had abstained from making any transfers to date in the hopes of resolving the tax issue with the County. Ms. Mortimeyer did plan to provide a memo to the Board on the situation once all of the information from the County was gathered and agreed upon. Ms. Johnson will inform Ms. Mortimeyer of the concerns expressed by the Board.

Following discussion, upon motion duly made by Director Cox, seconded by President Knopinski and, upon vote, with Directors Knopinski, Cox and Adkins voting yes and Director Hethcock abstaining, the Board approved the June 30, 2015 unaudited financial statements and schedule of cash position and directed Ms. Johnson to convey the concerns expressed to Ms. Mortimeyer and ask her to resolve the issue and transfer the revenue.

Certificate of Deposit Rates for Potential Investment of District Funds: The Board reviewed information prepared by Ms. Mortimeyer regarding interest rates for longer term investment of District funds. The Board determined not to take any action at this time and to re-visit this opportunity when interest rates increase or in January or February of 2016.

The Board then discussed the current interest rate paid on their funds held at First Bank and interest rates offered by Colotrust (a government investment pool) for a similar account. The current interest rate at First Bank is .10% and Colotrust's rate is .17%. The Board directed staff to contact 1stBank and ask if they will meet or exceed the rate offered by Colotrust and if the answer is no then staff will prepare the necessary paperwork to open an account with Colotrust and transfer the existing funds to this new account.

POOL MANAGER'S REPORT

AUGUST 2015

The pool is still running great with no problems. All the employees are still working out great!

We have 1 pool party as of now for the month of August. The BBQ area has not been reserved for August.

We still have about 8 families a day coming swimming and they all are happy with the pool.

A resident's dog goes to the pool every day and goes through the fence so I think we should raise the mesh around the fence a little more so it doesn't continue to happen.

Other than that all is well!

Leah
