PUBLIC COMMENTS

Public Comments: Ms. Street provided comments to Ms. Johnson prior to the meeting as she was unable to attend and asked that Ms. Johnson share the comments with the Board during this section of the agenda. Ms. Street's summarized comments and the Board's responses are as follows:

-Consider repairing one or more of the pool robots. Also, consider some type of petty cash to buy some pool toys to keep on hand.

The robot has been taken in for service and will be returned to the pool as soon as it is repaired. The Board discussed petty cash for pool toys and decided that residents are allowed to bring in their own pool toys if they choose and therefore, a petty cash account for this type of expenditure is not needed.

-Please remove and discard of the (old) outhouse (port-o-let).

Glen and Doug are working on the removal of the port-o-let.

-The horse pass through gate at the white pipes just north east of the arena and the south east one as well needs to be mowed out.

Glen and Linda will address this with Gary and DeWayne.

-The horse pass through gate just before you get to Lake Christina has been thrown off kilter and it can't slam shut because the wood is off balance. Please have it fixed.

Glen and Linda will address this with Gary and DeWayne.

-Consider giving complimentary pool memberships to the Metro Board of Directors and POA board members.

The Board considered and wanted me to thank you for this suggestion but determined not to give complimentary pool memberships to the Metro and POA Board members.

-Consider having a designated place somewhere on property for 4 wheelers to be ridden.

This is a POA issue and not an Authority issue.

-Consider mowing the trails at Lake Christina around the equestrian jump course.

This should have been completed the day of the Board meeting (June 10th).

No other public comment was given.

The Board then noted its preference to have maintenance questions from the community be directed to the maintenance staff and the policy questions/issues from the community be directed to the Board.
