IDS Multifunction Printers/Copiers (MFP)

Program Brief

The **IDS Multifunction Printer (MFP) Program** provides quality all-in-one office machines to metro-area state agencies that incorporate functionality of multiple devices, with combinations of the following features to meet your business needs, at a reasonable price: printer, scanner, photocopier, fax, and e-mail. All machines in our catalog share the same platform, making it easier to navigate through any device at any of our agencies.
