Outpatient Hospital Supplemental Medicaid Payment

Percentage Adjustment Factors for Federal Fiscal Year (FFY) 2011-12 and FFY 2012-13

This notice is to inform Colorado hospital providers of the percentage adjustment factor, by facility, for the Outpatient Hospital Supplemental Medicaid Payment funded through the Hospital Provider Fee program. This information is not related to claims-based reimbursement through the Medicaid Management Information System (MMIS).

The Outpatient Hospital Supplemental Medicaid Payment is calculated by multiplying estimated outpatient billed costs by a percentage adjustment factor. The percentage adjustment factor for each hospital will be published annually in the Provider Bulletin. Providers will also be notified in writing of their particular facility's percentage adjustment factor in a detailed reimbursement letter that is part of the standard procedure for the Hospital Provider Fee program.

If you have any questions, or need additional information, please contact Matt Haynes, Sr. Provider Fee Analyst at Matt.Haynes@state.co.us or 303.866.6305.
