July Pool Report

- **Need more Chlorine tablets (Already talked to Dan C.)**
- **Chauntel turned 16 and now can distribute chemicals into the pool.**
- **3 broken umbrellas.**
- **Increased shifts, has helped with the issues that were occurring, no recent incidents.**
    - **Increased shifts were required because we were having some issues with umbrellas being broken, tables being moved, and the lost and found in the pool. I went ahead and posted a sign for residents and figured it was a good idea to have an employee at the pool for two shifts. The shifts consist of a 12-4 and a 4-8. The shifts will go back to normal once the employees go back to school August 12.**
- **Processed one additional pool membership.**
- **Pool party July 28th.**
- **Pools look good.**
- **Employees notify me whenever they have questions or concerns.**
