Prenatal Health Care Changes

First Name, Last Name
Address
City, State Zip

Dear [First Name],

You are receiving this letter because you are a member of the CHP+ Prenatal program. Effective January 1, 2013 you may be moving from CHP+ to Medicaid, this is based on a change in federal law.

We need your help. Call your doctor or midwife and ask him/her if they accept Medicaid. If they DO NOT please call the hotline number at 303-839-2120 or toll free at 1-888-367-6557 and give us your doctor or midwife's contact information OR we can help you find a new doctor or midwife. You will need to see a doctor or midwife who takes Medicaid.

What if I am moved to Medicaid on January 1, 2013?

1. If you are currently seeing a doctor or midwife for your pregnancy who takes **both** CHP+ and Medicaid then you don't need to do anything.

2. You will receive prenatal benefits through the Medicaid program.

You are not losing your prenatal care benefits.
This change may affect the doctor or midwife you see.

How do I know if this affects me?
You will receive a letter in the mail from Medicaid by early January, if this affects you.

Will I need to fill out a new application for Medicaid?
No, you will not have to fill out a new application. If you are affected, you will automatically move from CHP+ to Medicaid on January 1, 2013.

What if I deliver my baby before January 1, 2013?
Only services that you receive on or after January 1, 2013 will need to be with a doctor or midwife who takes Medicaid in order for those services to be paid.

Will my newborn be in Medicaid or CHP+?

- If you are on Medicaid when your baby is born, the baby will be on Medicaid for one year.
- If your baby is born while you are on CHP+, the baby will be covered by CHP+ for one year.
- When your baby is born, please call **800-359-1991** as soon as possible so that your baby can be added to Medicaid or CHP+.
