RE: Greatrock North Water & Sanitation District
Completion of Services and Termination of Agreement— Pump Station Control Valve Maintenance and Inventory Services

Dear Ms. Hardy:

On April 1, 2014, the Greatrock North Water & Sanitation District (the "District") and Instrument & Supply West, Inc., entered into an Independent Contractor Agreement for the Pump Station Control Valve Maintenance and Inventory Services (the "Agreement"). The Services set forth in the Agreement have been completed to the District's full satisfaction and compensation therefor has been paid in full. Pursuant to Paragraph 2 of the Agreement, the District provides you this notice of termination of the Agreement due to the completion of the Services set forth therein. It is important to note that provisions including, but not limited to, the warranty, indemnification and liability provisions, contained in the Agreement survive termination and remain in full force and effect as specified in the Agreement.

On behalf of the District, I would like to thank you for your work and we look forward to continuing to work with you in the future.

Very Truly Yours,
GREATROCK NORTH WATER & SANITATION DISTRICT

Lisa A. Johnson, District Manager

cc: Jennifer Gruber Tanaka, Esq., District General Counsel
