

June 27, 2011

Mr. Steve Tarlton, Manager
Radiation Control Program
Hazardous Materials and Waste Management Division
Colorado Department of Public Health and Environment
4300 Cherry Creek Drive South
Denver, Colorado 80246-1530

Subject: Environmental and Occupational Performance Report, ALARA Review & Annual Report on Remedial Action Plan Activities

Dear Mr. Tarlton,

Cotter Corporation (N.S.L.) is requesting a delay in submission of the annual report until July 15, 2011. Cotter needs the additional time in order to submit a quality report. As you are aware Cotter acquired new laboratory instrumentation and has been developing procedures and conducting data studies for each analytical parameter. Some of the data required for the report has not gone through the quality assurance process. In addition, Cotter has experienced personnel changes in the environmental department that have affected the compilation of this large and comprehensive report.

If you have any questions, please contact me at (719) 275-7413 ext. 212 or by email at jim.cain@cotterusa.com.

Sincerely,

Jim Cain
Environmental Coordinator/
Radiation Safety Officer
