RE: Semi-Annual Review of Well Permits

Dear Mr. Cain,

Review of Colorado State Engineers Office well permit database was performed on September 7, 2011 for well use changes that were recorded by Colorado Division of Water Resources during the first half of calendar year 2011. Corresponding with the Water Use Survey study area identified during the EPA 5-Year Review, the review area included all of Sections 2, 3, 4, 9, 10 and 11 in Township 19 South, Range 70 West.

The database did not contain any evidence of new well construction in the study area. The well located at 1118 Elm, Permit No 4279F, Reception No. 9085558 changed owners from Mr. and Mrs. Pettyjohn to Mr. and Mrs. Goudeau on May 4, 2011. A copy of the document is provided.

If you have questions regarding this research, feel free to call at 719-275-8951.

Best Regards,

Angela Bellantoni
