Notice of Rulemaking ACP FINAL.pdf
92K

Amy Miller <AMiller@ccadv.org> Fri, May 16, 2014 at 5:44 PM
To: "Platt - DPA, Doug" <doug.platt@state.co.us>

Hi Doug,

Recognizing that it is after 5PM (I just realized that today was the deadline), I still want to send you a quick comment about these rules.

In general, CCADV supports the rules up for consideration in this rule-making process. We also want to express our specific support of this rule:

9.0 School Enrollment and Record Transfers

9.1 At the request of an enrolling school, the Address Confidentiality Program will determine the student/participant's school district eligibility based on the current residential address listed in the participant's program file.

9.2 The Address Confidentiality Program will notify the enrolling school of district eligibility in writing.

9.3 The Address Confidentiality Program will request a student's records for the purpose of transferring such records from one school to another upon receiving the written request and authorization from the student's parent or legal guardian.

After reviewing our state ACP statute, we believe that section 24-30-2108(9), C.R.S. supports the Program making determinations of a student/participant's school eligibility at the ***district*** level: (9) A school ***district*** shall accept the substitute address as the address of record and shall verify student enrollment eligibility through the executive director or his or her designee. The executive director or his or her designee shall facilitate the transfer of student records from one school to another.

CCADV believes that 9.0 aligns the Program rules with the Program's enacting statute. We support this alignment for consistency, but also

because we believe it will enhance the safety of victims who are participants in the Program.

Thank you for the opportunity to comment on the ACP rule-making process.

Best regards,

Amy Miller, MSW
