Integrated Water System Update

Colorado National Golf Club

March 12, 2014

Coal Creek Station:

- Pumps are off
  - Most likely need to begin pumping week of 3/24/14
- Pumping down of the Coal Creek to inspect hardware will be done before 3/21/14
  - Prior to pump start up for 2014
- Irrigation Technologies update.
  - Census data does not allow for United Power to give grants for 2014

VRMD Pump 17:

- Pumps were turned on by CoCal and Dan Cordova week of 3/3/14.
- Aerators in pond were turned on on 3/12/14

Community Ditch:

- One pump is still being repaired. It is on Freedom Pump's back burner because of fall winterizations and the need isn't until next spring.
  - This pump was damaged because of the flooding from the storms.
  - Pump will be repaired before the ditch is turned on for the season.
