

Members of the Judiciary Committee,

I am a 65 year old medical marijuana patient. I take my medication in the morning when I get up and just before I go to bed. I will always have at least 5Ng/ml of THC in my blood. I live in an unincorporated community of a Western County and have a 21 mile round trip to the grocery, church, my Kiwanis Club meeting, and other social and volunteer commitments. My daughter lives in Stapleton a 64 mile trip.

If HB1114 passes, you will make me a criminal. Or you will force me to surrender my privilege to drive and end my productive activities of volunteerism and social interactions.

Perhaps this is an unintended consequence. It would be a terrible consequence for me. I ask you to NOT pass this Bill.

Thank you.
