

Dear Members of the House Transportation and Energy Committee,

LiveWell Colorado urges you to support SB 48 Regarding the Highway Users Tax Fund (HUTF).

SB 48 would provide Colorado's cities and counties the flexibility to spend HUTF dollars effectively and efficiently - as determined by local priorities. A growing number of Colorado communities recognize the health, environmental, social cohesion and economic benefits of offering a variety of transit options and walk and bike-friendly environments to their residents and visitors. LiveWell Colorado is supportive of SB 48 as it would allow such communities the opportunity to include the critical infrastructure necessary for safe and accessible walking, biking and transit in the mix of projects funded through HUTF dollars.

We urge you to support SB 48 and thus provide all Colorado cities and counties the flexibility needed to address community priorities.
