To the Honorable Members of the Colorado State Legislature,

On behalf of the Co-owners of Namasté Solar, I write today in to express our support for SJR13-021, the bill that would create an Interim Committee to study ways to create a comprehensive healthcare system for all Coloradans. We firmly believe that finding ways to improve our current healthcare system will improve our bottom line, will improve the quality of life for our employees and our customers, and will provide long-term stability that will help grow the Colorado economy.

Passing SJR13-021 will be a key step forward in the efforts to improve our state's healthcare. I strongly urge you to vote in favor of this bill.

Thank you for your time and consideration.

Sincerely Yours,

Nick Kerwin
