The bill makes the following changes to the special fuel tax:

gasoline equivalents.

- ! **Section 4** lowers the tax rates for compressed natural gas, liquefied natural gas, and liquefied petroleum gas. These rates are phased-in over 6 years.
- ! **Section 5** repeals the annual fee that is charged in lieu of the special fuel tax and the related decal system, so that liquefied petroleum gas and natural gas are subject to the special fuel tax. Section 5 also exempts compressed natural gas that is supplied to a user at a residential home from the special fuel tax. This exemption ends on July 1, 2017.
- ! **Sections 6, 7, and 8** make conforming amendments related to the preceding changes.
- ! **Section 9** requires the department of transportation to prepare and submit a report to the transportation legislation review committee concerning related alternative fuels and the public roads and highways.

The bill requires the director of the division of oil and public safety to promulgate the following rules:

- ! **Section 2** requires rules for natural gas setting forth standards related to inspections; specifications; shipment notification; record keeping; labeling of containers; use of meters or mechanical devices for measurement; submittal of installation plans; and minimum standards for the design, construction, location, installation, and operation of natural gas systems and equipment and handling of the natural gas; and
- ! **Section 9** requires rules related to the accurate measurement of liquefied petroleum gas and natural gas.

**Section 10** requires county clerks and recorders to annually collect a \$30 fee at the time of registration on every motor vehicle that is propelled by plug-in electricity. The money is credited to the highway users tax fund. Upon payment of this fee, a person will receive a decal that the department of revenue creates, and this decal must be attached to the upper right-hand corner of the front windshield on the motor vehicle for which it was issued.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly  
3 hereby finds and declares that:

4 (a) Liquefied petroleum gas and natural gas that are used to propel  
5 a motor vehicle on the state highways are currently subject to the state

1 special fuel tax;

2 (b) Owners or operators of motor vehicles that are powered by  
3 liquefied petroleum gas and natural gas who acquire and pay for a decal  
4 are exempt from the state special fuel tax;

5 (c) Removal of this exemption constitutes a tax policy change; and

6 (d) This tax policy change does not require prior voter approval  
7 under section 20 of article X of the state constitution because it would not  
8 cause the state to exceed the state fiscal year spending limit.

9 (2) The general assembly further finds and declares that:

10 (a) Liquefied petroleum gas and natural gas have different energy  
11 contents than gasoline or other special fuels;

12 (b) The changes to the tax rate for liquefied petroleum gas and  
13 natural gas reflect these differences;

14 (c) While the tax rates annually increase over a six-year period, all  
15 of these rates are reductions from the current rate of twenty and one-half  
16 cents per gallon on liquefied petroleum gas and natural gas;

17 (d) The establishment of these lower rates is not a tax rate increase  
18 that requires prior voter approval under section 20 of article X of the state  
19 constitution; and

20 (e) The intended purpose of this rate reduction is to fairly tax  
21 liquefied petroleum gas and natural gas and to create tax parity among  
22 special fuels based on the differences in each fuel's energy content.

23 (3) The general assembly further finds and declares that:

24 (a) Plug-in electric vehicles have impacts on the public roads and  
25 highways, as do other types of vehicles;

26 (b) While owners of motor vehicles that are propelled by plug-in  
27 electricity pay state sales and use tax on their vehicle purchases and

1 annual specific ownership taxes and vehicle registration fees, electricity  
2 is not taxed as a special fuel;

3 (c) Owners of plug-in electric vehicles have the same interest as  
4 other vehicle owners in contributing to the construction, improvement,  
5 repair, and maintenance of public roads and highways; and

6 (d) The purpose of the annual fee for these owners is to provide  
7 them with a means to pay their fair share for their vehicles' impacts on the  
8 state's public roads and highways.

9 **SECTION 2.** In Colorado Revised Statutes, 8-20-102, **add (3)** as  
10 follows:
