The term "private applicator" means a certified applicator who uses or supervises the use of restricted use pesticides for the purpose of producing an agricultural commodity on property owned or leased by the applicator or the applicator's employer, or, if applied without compensation other than the trading of personal services between producers of agricultural commodities, on the property of another person.

"Agricultural commodity" means any plant, or part thereof, or animal, or animal product, produced by a person (including farmers, ranchers, vineyardists, plant propagators, Christmas tree growers, aquaculturists, floriculturists, orchardists, foresters, or other comparable persons) primarily for sale, consumption, propagation, or other use by man or animals.

If you are making ANY pesticide application for hire or compensation, or include pesticide applications as a part of a service you provide, you must be licensed as a commercial applicator with the Colorado Department of Agriculture. Please call 303-239-4146 if you have any questions.

- CDA licensure fees do not include any convenience fees charged by the credit card company.
- Credit card information will not be kept on file with the CDA; all credit card information will be destroyed upon confirmation of payment.

The CDA requests that any person or entity conducting a private applicator precertification workshop provide the CDA the following information.

Date of workshop _____ Time _____

Workshop sponsor _____

Name of workshop _____

Location / address of workshop _____

City / State / Zip _____

Phone number of sponsor _____

of intended participants _____

Part 3.8(b) of the Rules state:

Examination security provisions: No applicant or licensee testing for a private applicator license, or person proctoring a private applicator test session, shall cause any examination question or answer to be disseminated to any person not employed by the Commissioner by any means whatsoever. No person other than the applicant or licensee may complete the private applicator examination form.

The CDA may periodically have department inspectors attend precertification workshops to ensure compliance with Rule 3.8 of the Pesticide Applicators' Act. If you are requesting training materials, but have not finalized the date of your workshop, please contact the CDA at 303-239-4178 prior to your precertification course to provide this information.
