

GreenCO is an umbrella organization comprised of seven landscape-related associations representing 1,500 member companies with 40,000 employees. The Colorado Nursery & Greenhouse Association (CNGA), one of the GreenCO member groups, represents the production members. GreenCO is a proud member of the Colorado Agriculture Council.

Economics & Rankings

The Green Industry producers are ranked in the top five highest economic drivers in agriculture. For the entire industry, including landscape installation, maintenance, and retail, Colorado State University conducted an economic impact study based in 2003 based on 2002 data. The report shows that GreenCO contributed over \$1.7 billion in sales to Colorado's economy. For each \$1 million increase in Colorado's green industry input, we generate 24 new industry-related jobs.
