

## WEXOnline Upgrades for 2nd Quarter 2007

At Wright Express, we are constantly innovating to help you run your business more efficiently. In our ongoing effort to do this, we are excited to announce our latest series of upgrades to **WEXOnline**, our state-of-the-art online management tool.

The upgrades range from giving you access to real-time card activity to making reports easy to manage electronically. We're also upgrading our tool to find the best fuel prices in your area.

---

## Authorization Activity is now accessible.

For the first time, you will be able to view all card activity -- approved and declined -- as it happens. That means you can view account activity as soon as a card is swiped, and for the first time see transaction requests that were declined.

Listed will be the location where the card was swiped, if the transactions was allowed or declined, and if declined, the reason for the decline. Since the Authorization Activity is a real-time listing of activity, you can take action on the spot to remedy a declined transaction, if needed.

All activity for the past 96 hours will be listed. All approved transactions will still be listed as they post to your account in the regular **WEX Online** transaction listings.

You'll find **Authorization Activity** under the **Reporting** menu. At this screen, enter your search parameters.

Approval or reason for decline appears here.

## Reports now available in PDF format

Reduce clutter by receiving and managing your reports electronically. The full suite of reports you may now be receiving by mail is now available in easy-to-access PDF format. Easily **stop the mailing of paper reports** and download and print only the reports that you need, while remaining confident the the full range of reports remains available should you need them.

Choose to print, view or save files to your own computer right from **WEXOnline**. To access the PDF reports, go to **Reporting>Standard Reports**.

The screenshot displays the WEXOnline web application interface. At the top, a navigation bar includes links for Home, Account Maintenance, Invoice & Payment, Reporting, Controls, Tool Kit, and Settings. The 'Reporting' menu is expanded, showing options for Standard Reports, Report Delivery, Electronic Vehicle Analysis Report, and Authorization Activity. A red callout box with an arrow points to the 'Standard Reports' option, containing the text: 'Use this pulldown item to navigate to the PDF report page.' On the left side, a 'Getting Started' sidebar lists several links: Learn to Navigate, Help, Fuel Price Mapping, Changing Settings, Privacy Policy, Information On Our Products And Services, and Fleet Security Measures. Below the navigation, a section titled 'WEXOnline' describes the platform as a fleet management application providing integrated tools for managing fleet efficiency and profitability.

For information about other tools and services available via **WEXOnline** visit [www.fleetenrollment.com](http://www.fleetenrollment.com)

All reports will be available, even if you have chosen not to receive certain ones by mail. Reports stretching back 13 months will be available.

The selected report will open in your browser. To **print** or **save** it to your computer, use the icons in your browser window.

To shutoff paper reports, go to **Reporting>Report Delivery**.

A list of your reports will appear, and you can easily choose which to stop receiving by mail by clicking the "NO" button.

## Reporting » Report Delivery

National ID: Universal  
Fleet Account: AL CHAMB EQUIP

*Tired of paper clutter? Manage your past reports in PDF format instead. You can save them on your system or, even easier, you can access the last 13 months of reports online.*

**Current Active Reports:** To discontinue mailing of individual reports, select NO. Your reports will still be accessible in pdf.

	Yes	No	
Vehicle Analysis Report	<input checked="" type="radio"/>	<input type="radio"/>	Current period transaction details, one report for each vehicle/car.
Exception Report	<input checked="" type="radio"/>	<input type="radio"/>	Details of transactions that fell outside the exception parameters.

To turn off paper reports, select "No" and click "submit." All reports will be available in PDF format.

## Fuel Price Mapping.

Wright Express is now using up-to-date Google maps to pinpoint the lowest-priced fuel in an area. We combine our regularly updated fuel transaction data with Google's easy-to-read maps to find the most current prices. To get to Fuel Price Mapping, go to **Toolkit>Price Mapping**.

The screenshot displays the WEXOnline web application interface. At the top, a navigation bar includes links for Home, Account Maintenance, Invoice & Payment, Reporting, Controls, Tool Kit, and Settings. The 'Tool Kit' menu is expanded, showing options such as About Premium Tools, Accepting Locations, Daily Best Fuel Prices, Fuel Mapping (highlighted), WEXIndex Top Metro Report, Fleet Manager Handbook, Driver Video, and Employee Screening. On the left, a 'Getting Started' sidebar lists: Learn to Navigate, Help, Fuel Price Mapping, Changing Settings, Privacy Policy, Information On Our Products And Services, and Fleet Security Measures. The main content area features a 'Click Save More' graphic and a text block describing WEXOnline as a management application with integrated tools for efficiency and profitability, including online help and tracking capabilities. A partially visible advertisement on the right promotes 'Premium Tools!' as a sophisticated, easy-to-use account management solution.

Simply enter the location for which you wish to find the price of fuel and our updated Fuel Price Mapping function will locate stations and list the most recent prices. Stars will indicate the 10% of station in the mapping area offering the lowest prices based on the most recent transactions.

## FUEL SITE LOCATOR
