BUDGET

Premier Service

[Budget FastbreakSM](#)

Be sure to select "**Check my Corporate Rate**" when booking with **Budget FastbreakSM**. Do **NOT** select "Check Lowest Rate". The Corporate Rate includes \$600,000 Liability Insurance for the **Awarded Locations** included in the BOA. The required use of the State Travel Card provides **FREE** CDW Insurance, which covers any damage to the rental vehicle.

Enhanced express rental program with paperless rentals, gives you faster service and greater choices. As a member of the program, you will receive one of two variations of the **Fastbreak** service, "Choice" or "Counter", depending on the location you rent from at most major U.S. airport locations.

Choice – Less Time. More Options.

Choice is your fastest and most convenient way to rent from Budget. In addition, you will be able to **choose your vehicle** at most major U.S. airports.

Counter – Great rental service without the wait.

At locations where **Choice** service is not available, **Fastbreak** is offered at the rental counter. It's the same paperless transaction as Choice, with a brief stop at the counter.

With Budget **Fastbreak**, renting has never been easier. In addition to expedited rental, both service types will give you these great benefits:

- **Quicker reservations.**
- **No more rental agreements to sign.**
- **Speedy returns with Rapid ReturnSM process at most major airports.**
