

Income Tax (PTC) - Required Filing Documents

Do I need to send any additional information to prove disabled status if I am filing for the Property Tax/Rent/Heat Rebate for the first time?

No, the Department of Revenue will use information supplied by the Social Security Administration, Colorado Dept of Human Services, and the Division of Motor Vehicles to verify disability, age and residency status.

However, if we have a problem verifying information we may send a request for backup documentation. If you receive a request for additional information, you should:

- send a copy of a TPQY Third Party Query from Social Security or a copy of your Payroll History from the Dept of Human Services to prove disability.
- send a copy of your lease agreement, rent receipts or monthly utility bills to prove full-year Colorado residency.

The sooner that information is sent, the sooner you will receive your rebate. Mail this information to:

Colorado Department of Revenue
Room 238
