

## **Income Tax - Missing W2s**

*I forgot to attach my W2 form(s) to my income tax return, what do I do?*

If you sent your paper return to us and then realized you forgot to attach your W2s to the return, you should wait until you receive a letter from us requesting the W2s.

If you mail the W2s before you get the letter, they may not get recorded on your account.

Instead, wait for our letter which will request copies of your W2s. Attach the W2s to the letter along with a copy of your income tax return.
