

Sales Tax - Licenses

How long does it take to receive a sales tax license after application is made?

After the [CR 0100 "Colorado Business Registration"](#) application is filed and received by the Department of Revenue it takes approximately 4-6 weeks to receive the license in the mail. If you apply in person at one of the Taxpayer Service Centers a license number will be issued immediately. The actual license will then take approximately 2 weeks to be sent to the individual or business. (See "[Taxpayer Service Centers](#)" for locations).
