## **Income Tax - Balance Due (Payments)**

How do I make payments on my account?

Send your payment with the voucher that was sent with the bill. If you wish to set up an agreement to pay, you can visit our Web site http://www.myincometax.state.co.us or you can call our automated system at (303) 238-FAST (3278). If you feel the billing notice is incorrect, you should attach an explanation and copies of applicable forms to the bill and return it to the Department of Revenue for review.

Individuals may also pay through the Colorado Online Tax Payment System.

**Colorado Online Tax Payment** – Pay your Colorado personal income tax, estimated income tax or past due income tax online by eCheck or credit card.
