MEMORANDUM

July 1, 2011

TO: Interested Persons

FROM: Kelly Stapleton, Senior Research Assistant, 303-866-4789

SUBJECT: Mandated Health Insurance Benefits

This memorandum provides information on Colorado's mandated health insurance benefits. The following table, "Health Insurance Mandates in Colorado" provides a description of current state laws governing insurance benefits, and the effective date for each law. It is important to keep in mind that state laws apply to fully insured plans only. Plans that do not fall under the fully insured category include self-funded plans, union plans, and federal employee benefits plans. These plans are not subject to Colorado's mandated health insurance benefits laws. Mandates are listed in the table alphabetically.

Insurance Benefit	Summary of Current Law	Effective Date
<p>Availability of treatment for alcoholism Section 10-16-104 (9), C.R.S.</p>	<p>No hospitalization or medical benefits contract on a group basis may be issued without an opportunity to purchase coverage for the benefits for the treatment of, and conditions arising from, alcoholism. Annual policy benefits must include:</p> <ul style="list-style-type: none"> • inpatient treatment up to 45 days; and • outpatient benefits up to \$500 that may be furnished by a licensed hospital, a public or private facility providing services for the treatment of alcohol, or a mental health facility. 	<p>January 1, 1976</p>
<p>Biologically based mental illness Section 10-16-104 (5.5), C.R.S.</p>	<p>Every group policy, plan certificate, and contract of a carrier must provide coverage for the treatment of biologically based mental illness that is no less extensive than the coverage provided for a physical illness. Every group policy, except for small group plans, must provide coverage for the treatment of mental disorders that is no less extensive than the coverage provided for a physical illness. For example, a policy cannot cap visits to a physician for a mental illness to 20 visits unless the same cap applies to visits for a physical illness. Small group plans are exempt from this mandate. Biologically based mental illness includes schizophrenia, schizoaffective disorder, bipolar affective disorder, major depressive disorder, specific obsessive-compulsive disorder, and panic disorder. Mental disorder means post-traumatic stress disorder, drug and alcohol disorders, dysthymia, cyclothymia, social phobia, agoraphobia with panic disorder, and general anxiety disorder. The term also includes anorexia nervosa, and bulimia nervosa to the extent that the disorders are treated on an out-patient, day treatment, and in-patient basis, excluding residential treatment.</p>	<p>January 1, 1998 January 1, 2008 — mental health parity and anorexia nervosa/bulimia provision added.</p>
<p>Cervical cancer vaccination Section 10-16-104 (17), C.R.S.</p>	<p>All individual and group insurance policies, except supplemental policies covering specific diseases or other limited benefits, must provide coverage for the full cost of cervical cancer vaccination for all females for whom a vaccine is recommended by the U.S. Department of Health and Human Services.</p>	<p>January 1, 2008</p>
<p>Complications of pregnancy and childbirth Section 10-16-104 (2), C.R.S.</p>	<p>Any health insurance policy covering a disability due to sickness must also cover a sickness or disease which is a complication of pregnancy or childbirth in the same way as any other similar sickness or disease is otherwise covered under the policy. Any policy providing coverage for disability due to an accident must also cover accidents that occur during the course of pregnancy or childbirth in the same way as any other similar accident is covered.</p>	<p>January 1, 1976</p>

Insurance Benefit	Summary of Current Law	Effective Date
Diabetes Section 10-16-104 (13), C.R.S.	Any health benefit plan, except supplemental policies covering a specified disease or other limited benefits, that provides hospital, surgical, or medical expense insurance must provide coverage for diabetes that includes equipment, supplies, and outpatient self-management training and education, including nutritional therapy if prescribed.	July 1, 1998
Hospice care availability Section 10-16-104 (8), C.R.S.	No individual or group policy that provides hospital, surgical, or major medical coverage on an expense-incurred basis can be sold in Colorado unless the policyholder has the opportunity to purchase coverage for benefits for the costs of home health services and hospice care.	July 1, 1985
Maternity coverage Section 10-16-104 (3), C.R.S.	All individual and group health insurance policies must cover normal pregnancy and childbirth in the same manner as any other condition, sickness, injury, or disease that is otherwise covered. Coverage for a hospital stay following a normal vaginal birth must be for at least 48 hours. Coverage for a hospital stay following a cesarean section must be for at least 96 hours. Individual health policies may exclude coverage on the grounds that pregnancy was a preexisting condition, but the exclusion may not apply to subsequent pregnancies.	January 1, 1976 Individual coverage added January 1, 2011.
Mental illness Section 10-16-104 (5), C.R.S.	Every small group policy or contract providing hospitalization or medical benefits must provide benefits for conditions arising from mental illness. In the case of a basic coverage benefits plan, coverage must include up to 45 days inpatient care, or 90 days for partial hospitalization in any one 12-month period. In the case of a major medical benefits plan, coverage must cover outpatient services furnished by a comprehensive health care service corporation, hospital, or a community mental health center, or other mental health clinic approved by the Department of Human Services.	August 1, 1976
Off-label use of cancer drugs Section 10-16-104.6, C.R.S.	A health benefit plan that provides coverage for prescription drugs may not limit or exclude coverage for any drug approved by the federal Food and Drug Administration for the use in treatment for cancer on the basis that the drug has not been approved for the specific type of cancer being treated	August 11, 2010
Oral anticancer medication Section 10-16-104 (21), C.R.S.	Any health benefit plan that provides coverage for cancer chemotherapy treatment must cover orally administered anticancer medication at a cost not to exceed the coinsurance percentage or relative copayment amount that is applied to intravenously administered or injected anticancer medication. Oral medication is covered if it is approved by the federal Food and Drug Administration, determined to be medically necessary to kill or slow the growth of cancerous cells, and not prescribed primarily for the convenience of the patient or physician.
