Eligible Employees may apply for coverage for themselves and their eligible dependents by completing appropriate state forms, which may be electronic. Such forms, must be submitted (electronic submission may be required) within 31 days of date of hire, during the annual Open Enrollment period, and certain special enrollment events. The Effective Date will be (1) the next first of the month following the Employee's date of hire, or (2) if enrolling during the annual Open Enrollment period, the next first of the Plan Year, or (3) if enrolling within 31 days of a special enrollment event, the next first of the month following submission of the appropriate forms and documentation.

Employee Responsibilities

Initial enrollments, changes to enrollment and terminations of enrollment require that You complete, sign and date the appropriate state forms, which may be electronic, in accordance with criteria as defined in law and regulations, procedure and written directives. You also must provide supporting documentation, if requested. Your signature on the enrollment form, which may be electronic, attests that the information provided is true and complete, authorizes the appropriate payroll deduction or authorizes the Employer to stop Your contributions.

It is unlawful for You or Your Dependent to provide false, incomplete or misleading facts or information on any State enrollment form, affidavit, claim or other document for the purpose of defrauding or attempting to defraud the State of Colorado. Such actions may result in coverage being terminated or denied. The State reserves the right to request documentation to establish the eligibility of an Employee or Dependent.

Once enrolled in the Plan, You must verify the accuracy of Your enrollment elections and payroll deductions. Should You find an administrative error, You must notify Your department's HR or benefits administrator within 10 days of the first payroll deduction. If You are enrolled and work or are on paid leave, approved Family Medical Leave or disability leave one or more regularly scheduled workdays in a month, You are eligible for the full State benefit contribution. When there is a difference in Your contribution compared to the actual contribution due, You must pay the difference. Members who do not receive compensation from the Employer due to leave of absence, termination of employment or any other reason are responsible for remitting payment of the contribution. Contributions are due on the first calendar day of the month of coverage and are considered timely paid if received by the Plan Administrator by the last calendar day of the month.

Leaves of Absence

While on an Approved Unpaid Leave of Absence, voluntary furlough, family/medical leave or short-term disability leave, You may continue coverage under the Plan for a period of up to six months. When Coverage Begins For Eligible Employees and Eligible Dependents

Coverage in the Plan is effective for You and Your eligible dependents on the first day of the month following Your date of hire, provided the appropriate State forms, which may be electronic, are completed and submitted within 31 days of the date of hire. You and Your dependents may also become eligible for coverage due to a Special Enrollment Event. The Effective Date of coverage for Special Enrollment Events is the first of the month following the date the appropriate enrollment forms and provision of supporting documentation are completed and submitted, provided the enrollment is completed within 31 days of the Special Enrollment Event. If the appropriate enrollment forms are not submitted on or before the 31st day, You and Your dependents will be considered Late Enrollees and Your enrollment or modification will only be permitted during the next annual Open Enrollment period.

Late Enrollees

If You do not Enroll within 31 days after You are eligible for coverage, You will be a Late Enrollee. If You do not enroll Your dependents within 31 days after You are eligible for coverage or Your dependents are not enrolled within 31 days after they become eligible, or You wish to restore Dependent coverage, which ended because You did not make required Contributions, Your dependents will be considered Late Enrollees.

A Late Enrollee may enroll only during the next annual Open Enrollment period, as determined by the Plan. Until You are properly enrolled in the Plan, You are not eligible for benefits.

What Is Open Enrollment?

Open Enrollment is the period of time held each year when Eligible Employees can enroll, modify or terminate enrollment in the Plan. You must make a positive election to enroll in the Plan each Plan Year during the Open Enrollment period. You and Your eligible dependents who are not enrolled in the Plan may complete the appropriate state forms, which may be electronic, to enroll during Open Enrollment. Your department's HR or benefits administrator will notify You of Open Enrollment. You may also contact Your department's HR or benefits administrator at any time for Open Enrollment information. Anyone who enrolls during Open Enrollment and has the applicable payroll deduction will have an Effective Date of July 1.

Special Enrollment Events

You or an Eligible Dependent may enroll for coverage during a special enrollment period for a Special Enrollment Event under the following circumstances:

1. Loss of Other Coverage. If You or an Eligible Dependent
 - a. were covered under another group health plan (including COBRA continuation) or had other dental insurance coverage at the time enrollment in the Plan was declined; and
 - b. have lost or will lose coverage under the other plan as a result of loss of eligibility (due to such reasons as termination of employment, change of employment status, death of a spouse or domestic partner, divorce, legal separation or cessation of the Employer's contributions to such coverage) or have exhausted COBRA continuation coverage,

You or an Eligible Dependent may enroll in the Plan within 31 days after loss of that coverage. Coverage in the Plan will be effective on the first of the month following completion and submission of the appropriate state forms, which may be electronic, and provision of supporting documentation, if required, provided the enrollment is completed within 31 days of the Special Enrollment Event.

2. Acquisition of Dependents. If You did not enroll in the Plan when first eligible and acquire a Dependent through marriage, declaration of a domestic partnership, birth, adoption or Placement For Adoption, You and the newly acquired Dependent(s) may enroll within 31 days of the date of marriage, declaration of domestic partnership, birth, adoption or Placement For Adoption, as a Special Enrollment Event. In the case of the birth, adoption or placement of a Child, Your spouse or domestic partner and any other Dependent children may also enroll as Your Dependent(s), if otherwise eligible for coverage. Coverage will be effective on the date of birth, adoption or Placement For Adoption. In the case of marriage or a declaration of domestic partnership, coverage will be made effective on the first day of the month following enrollment. If the acquisition of dependents necessitates a change of contribution tier, the change will be effective the first of the month following the date of birth, adoption or Placement for Adoption; or in the case of marriage or declaration of domestic partnership, the first of the month following completion of the appropriate state forms, which may be electronic, and provision of supporting documentation, provided the enrollment is completed within 31 days of the Special Enrollment Event.

If You or an Eligible Dependent do not enroll for coverage when You are hired, or during an Open Enrollment period or during a Special Enrollment period for a Special Enrollment Event, You or Your Dependent will be considered a Late Enrollee. Late Enrollees, Employees and dependents who do not properly enroll in coverage under the Plan are not covered and are not eligible to receive any benefits under the Plan.

When Coverage Can Be Changed

After the Open Enrollment period is closed, You may change Your benefits election during the Plan Year only after a qualifying status change. Within 31 days of a qualifying status change, You must submit a written request to Your department's HR or benefits administrator on the appropriate state forms, which may be electronic, specifying the change You are seeking. Upon approval of the change by Your Human Resources/ Benefits Office, the election change is then completed by You on the appropriate state forms, which may be electronic,. This approved election change will continue until another eligible event occurs or until You change Your election during the next annual Open Enrollment period.

Eligible Events That May Allow Election Changes

All changes requested after Open Enrollment must be approved by Your department's HR or benefits administrator. Requested changes must be *on account of and corresponding with* a qualifying status change that affects eligibility for coverage under the Plan. Election changes must be requested on the appropriate state forms, which may be electronic, within 31 days of the qualifying status change event. Changes allowed under federal regulations must fit within one of these categories: HIPAA, FMLA, COBRA or Qualifying Status Change.

NOTE: See Your department's HR or benefits administrator to request a change during the Plan Year. Your department's HR or benefits administrator will help You determine if an election change is allowed based on Your individual situation.

When Coverage Ends

For Employees:

Your coverage will end on the date of the first of these events:

1. The last day of the month in which You terminate employment for any reason, including death and retirement, except that:
 - a. if You stop Active Work due to an Approved Unpaid Leave of Absence, Your coverage will continue as long as You make payment of the required Contributions. Your coverage will continue up to six months for an Approved Unpaid Leave of Absence.
 - b. if You stop Active Work to take a qualified military leave of absence pursuant to the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), You may elect to continue coverage subject to payment of Contributions. See the section on continuation of coverage under USERRA later in this Section.
2. You stop paying required Contributions in a timely manner.
3. As to any one coverage or class, the date the Plan is amended or changed to exclude that coverage or class.
4. The date the Plan ends.
5. The date You or any of Your dependents commit fraud against the State or the Plan or makes an intentional misrepresentation of material fact.

For Dependents:

A Dependent's coverage will end on the earlier of:

1. The date Your coverage ends.
2. The end of the month in which the Dependent ceases to be eligible as defined by the Plan.
3. The date a Dependent enters the armed forces of any country on active full-time duty.
4. The end of the month in which a Dependent becomes an Eligible Employee.
5. The end of the month of Your final divorce decree, legal separation or termination of a domestic partnership from an Eligible Employee.

Terminations of enrollment require that You complete, sign, date and submit the appropriate change forms, which may be electronic, in accordance with criteria as defined in law and regulations, procedure and written directives. You also must provide supporting documentation, if requested. The change form may be completed in advance of the date that Your Dependent loses eligibility (e.g., prior to a Dependent's birthday or impending marriage), but the change form must be completed no later than 31 days following the date that Your Dependent loses eligibility. Your signature on the change form, which may be electronic, attests that the information provided is true and complete and authorizes the Employer to stop Your contributions, if applicable.

Continuation of Coverage under COBRA and USERRA

If Your coverage under the Plan terminates because of certain qualifying events, You can continue Your coverage for a limited period of time under COBRA. See the COBRA notice included in the Notice section at the back of this Summary for more information on continuing coverage under COBRA.

USERRA established requirements that Employers must meet for certain Employees who are involved in the Uniformed Services. In addition to the rights under COBRA continuation of coverage, You are entitled under USERRA to continue the coverage You had under the group health plan.

"Service in the Uniformed Services" means the performance of active duty in the Uniformed Services under competent authority, which includes training, full-time National Guard duty and the time necessary for a person to be absent from employment for an examination to determine the fitness of the person to perform any of the assigned duties.

When You take a leave for Service in the Uniformed Services, USERRA coverage for You and Your covered Dependents for whom coverage is elected begins the day after You and Your covered dependents lose coverage under the Plan and it continues for a maximum period of up to 24 months.

If You are entitled to COBRA continuation of coverage, then both COBRA and USERRA coverage are concurrent. This means both COBRA coverage and USERRA coverage will begin upon commencement of Your leave. The administrative policies and procedures described for COBRA continuation coverage will also apply to USERRA coverage. In some instances, COBRA coverage may continue longer. Additional information on COBRA continuation coverage is described in this booklet.

If coverage under USERRA is elected, You and Your Dependents will be required to pay up to 102% of the applicable group rate. However, if Your Uniformed Service leave of absence is less than 31 days, You are not required to pay more than the amount that You pay as an active Employee for that coverage. When You return to Active Work from a qualified military leave of absence, Your coverage will be reinstated as required by USERRA.

If You stop Active Work due to temporary layoff You are eligible to continuation of coverage under COBRA. If You return to active employment within 30 days, Your coverage will be reinstated with no break in coverage, subject to payment of Contributions.

NOTE: You and Your eligible Dependents may have the right to select COBRA continuation coverage following termination of coverage.

BENEFITS AND COVERAGE

How to Use the Basic Dental Plan

Delta Dental PPO is the name of the Preferred Provider Organization (PPO) network for the State of Colorado's Basic Plan.

There are three choice levels of Dentists:

1. In-Network PPO Dentists;
2. Out-of-Network Premier Dentists; and
3. Out-of-Network Non-Participating Dentists.

You do not have to select a particular Dentist to receive dental benefits. Since there are no restrictions on which Dentist You may select, You have the freedom of choice. However, using the In-Network PPO provides for lesser "out-of-pocket" costs.

How the Discount Fee Schedule Works

All In- and Out-of-Network Dentists are paid according to the PPO Discounted Fee Schedule. This schedule determines the maximum amount of Delta Dental's reimbursements for Covered Services. Out-of-network Dentists generally charge more for a particular service. Therefore, You are responsible for the difference in the Coinsurance up to the Maximum Plan Allowance (MPA) for Premier Dentists, or the full-billed charges for non-participating Out-of-Network Dentists.

PPO Dentists (In-Network)

Delta Dental PPO Dentists have agreed to accept the PPO Discounted Fee Schedule. If You or Your Eligible Dependents live in an area where an In-Network PPO Dentist is not available, You must drive to an In-Network Dentist to receive this higher level of benefits.

- Dentist agrees to PPO Discounted Fee Schedule. You are responsible for Coinsurance and Deductibles.
- Dentist will submit claim to Delta Dental.
- Dentist will charge You ONLY the Coinsurance and Deductible on the day services are performed.

Premier Dentists (Out-of-Network)

Premier Dentists have signed contractual agreements with Delta Dental and have agreed to accept Delta Dental's portion of the payment that will be paid according to the Maximum Plan Allowance. After a PPO Discounted Fee payment is received by the Dentist from Delta Dental, the DeltaPremier Dentist agrees not to charge You over and above the Maximum Plan Allowance (MPA).

- Dentist payment is based on PPO Discounted Fee Schedule. Dentist can charge difference in PPO payment up to the MPA. Dentist is LIMITED to the MPA.
- Dentist will submit claim to Delta Dental. Delta Dental will pay the Dentist on behalf of the Plan and send You an Explanation of Benefits indicating the amount You are responsible for paying.
- Dentist may charge Coinsurance and Deductible on the day services are performed.

Non-Participating Dentists (Out-of-Network)

Non-Participating Dentists **have no agreements** with Delta Dental. Therefore, if You choose a Non-Participating Dentist, You must pay the Dentist the full-billed charges and Delta Dental will reimburse **You** according to their PPO Discounted Fee Schedule. Any difference in costs between the Dentist's full-billed charges and the amount paid to You by Delta Dental is Your responsibility.

- Your Dentist may require You to pay the **total** charges on the day services are performed.
- You will need to submit a claim form to Delta Dental. Delta Dental will reimburse **You**, on behalf of the Plan, for the services, NOT the Dentist.
- Payment to **You** is based on the PPO Discounted Fee Schedule. The Dentist can charge ANY amount above the PPO Discounted Fee payment. You are responsible for any difference.

How To File A Claim

You do not have to fill out a claim form when using an In-Network PPO Dentist or a Premier Dentist. If You use a Non-Participating Dentist who chooses not to submit a claim to Delta Dental, You will have to file Your own claim. A claim form is included with Your enrollment materials. Send the claim to the address on the claim form. Additional claim forms may be obtained by visiting the Employee Benefits website at www.state.co.us/benefits and clicking on "dental," then select "claim form" at the bottom of the drop-down menu. You may also call Delta Dental's toll-free customer service number listed on the back page of this booklet.

Note: You are expected to file claims in a timely manner. The Plan will not be obligated to pay claims submitted more than twelve (12) months (365 calendar days) after the date the service was provided.

When You File A Claim (Only Required If You Choose A Non-Participating Dentist)

- **You must** submit a separate claim form for each Dentist that provided Covered Services.
- **You must** also submit a separate claim form for each Covered Person when You are submitting charges for more than one covered family member.
- Make copies of the Dentist's bills for Your own records.
- Complete Your portion of the form and ask the Dentist to complete the remaining information. If the office will not complete the form, ask them to provide You with an original itemized bill that contains all the necessary information for processing Your claim. Balance due statements, cash register receipts and canceled checks are not acceptable.
- Make sure the information on the claim form and the statement is complete and readable, otherwise it might cause a delay in payment.

Pre-Treatment Estimate

A Pre-treatment Estimate is recommended when Your Dentist's suggested treatment plan exceeds \$400.00. Your Dentist may submit the treatment plan to Delta Dental for review before any work is actually done. A Pre-treatment Estimate of benefits allows both You and Your Dentist to know exactly what is covered and what Your Plan will pay. There is no additional charge to have a Pre-treatment Estimate done. Under most circumstances, a Pre-treatment Estimate constitutes an estimate for payment when the exact services are provided within sixty (60) days of a signed Pre-Treatment Estimate date, subject to any prior payment or benefit maximum reached and provided the patient is eligible on the date of service.

A Pre-treatment Estimate is recommended for the following procedures:

- special restorations;
- removable prosthodontics;
- fixed prosthodontics;
- endodontics;
- oral surgery (except emergency procedures);
- periodontal treatment; and
- orthodontic treatment plans.

COORDINATION OF BENEFITS

Warning: If You are insured under a separate group medical or dental insurance policy or plan, You may be subject to coordination of benefits as explained in this booklet.

If You are entitled to coverage under two or more plans, then the benefits of this Plan shall be coordinated with other plan benefits.

- Plan means any plan providing dental care benefits under group, blanket or franchise coverage; or service type plans or other group pre-paid plans; or coverage under any governmental plan or required by law; or “No-Fault” motor vehicle insurance.
- Primary coverage is the coverage that has the first responsibility for paying a claim. The primary coverage must pay up to its full liability.
- Secondary coverage is the coverage responsible for paying a claim after the primary coverage has paid up to its full liability.

Order of benefit determination if the other coverage is by a dental insurance policy or prepaid dental care program:

- a) The policy or program covering the patient as an employee shall be primary over the policy or program covering the patient as a dependent;
- b) For dependent children’s expenses the order of benefit determination shall be as follows:
 - i. The policy of the parent whose birthday (excluding year of birth) occurs earlier in a year shall be primary, or;
 - ii. If the parents are separated or divorced, the policy of the parent who is ordered by court decree to take financial responsibility for dental expenses shall be primary, or;
 - iii. The policy of the parent with custody is primary and if said parent has remarried, the step-parent’s plan is secondary and the plan of the parent without custody pays third.
- c) If the above rules do not establish an order of benefit determination, the plan that has covered the person for the longer period of time shall be primary with the following exception that the plan covering the person as a laid-off or retired employee or dependent of such person shall be determined after the benefits of any other plan covering the person or employee.
- d) Any group plan that does not contain a coordination of benefits provision is automatically primary.

The State of Colorado has a non-duplication of benefits clause in their dental plans. Non-duplication of benefits means the Plan will not duplicate any benefit it would have normally paid were it the primary insurance. With non-duplication (also known as “Carve Out”) the Plan will subtract the benefits paid by the primary insurance carrier from the benefits that the Plan would have normally paid (benefits less benefits). If a balance remains, the Plan will pay that amount.

Example #1:

Total charge: \$500.00

The Plan would normally pay 50% or \$250.00

Primary insurance paid \$250.00

Subtract the amount the primary insurance paid from the amount the Plan would have normally paid. (\$250.00 less \$250.00 = \$0). The benefit to be paid by the Plan as the secondary carrier is \$0.

Example #2:

Total charge: \$500.00

Delta Dental would normally pay 50% or \$250.00

Primary insurance paid \$200.00

Subtract the amount the primary insurance paid from the amount Delta Dental would have normally paid. (\$250.00 less \$200.00 = \$50.00) The benefit to be paid by Delta Dental as the secondary carrier is \$50.00.

If the Plan is primary as provided above, the Plan shall provide benefits without regard to benefits provided by any other plan. If the Plan is secondary and the Plan Year maximum has been reached by the primary carrier, the Plan would then begin to pay as if it were the primary carrier (or until the Plan Year Benefit Maximum is reached or the Plan Year ends, whichever comes first).

VERY IMPORTANT NOTICE

GENERAL NOTICE OF COBRA CONTINUATION COVERAGE RIGHTS

****CONTINUATION COVERAGE RIGHTS UNDER COBRA****

Introduction

You are receiving this notice because You have recently become covered under a group health plan (the Plan). This notice contains important information about Your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice generally explains COBRA continuation coverage, when it may become available to You and Your family, and what You need to do to protect the right to receive it.**

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to You when You would otherwise lose Your group health coverage. It can also become available to other members of Your family who are covered under the Plan when they would otherwise lose their group health coverage. For additional information about Your rights and obligations under the Plan and under federal law, You should review the Plan's Summary Plan Description or contact the Plan Administrator.

What is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, Your spouse or domestic partner and Your children including the children of a domestic partner could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If You are an employee, You will become a qualified beneficiary if You lose Your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced, or
- Your employment ends for any reason other than Your gross misconduct.

If You are the spouse or domestic partner of an employee, You will become a qualified beneficiary if You lose Your coverage under the Plan because any of the following qualifying events happens:

- Your spouse or domestic partner dies;
- Your spouse or domestic partner's hours of employment are reduced;
- Your spouse or domestic partner's employment ends for any reason other than his or her gross misconduct;
- Your spouse or domestic partner becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from Your spouse or terminate your domestic partnership.

Your children including those of a domestic partner will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happens:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated or the parent/employee terminates the domestic partnership or;
- The child stops being eligible for coverage under the plan as a child.

When is COBRA Coverage Available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, or the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

You Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce or legal separation of the employee and spouse, termination of a domestic partnership or a child's losing eligibility for coverage as a child), You must notify the Plan Administrator within 60 days after the qualifying event occurs. You must provide this notice following the Reasonable Notice Procedures, as described below.

How is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses or domestic partners, and parents may elect COBRA continuation coverage on behalf of their children. COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), Your divorce or legal separation, or a child's losing eligibility as a child, COBRA continuation coverage lasts for up to a total of 36 months. When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse, domestic partner and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability extension of 18-month period of continuation coverage

If You or anyone in Your family covered under the Plan is determined by the Social Security Administration to be disabled and You notify the Plan Administrator in a timely fashion, You and Your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Notice of this disability must be given following the Reasonable Notice Procedures described below.

Second qualifying event extension of 18-month period of continuation coverage

If Your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse or domestic partner and children in Your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse or domestic partner and any children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated, or if the child stops being eligible under the Plan as a child, but only if the event would have caused the spouse, domestic partner or child to lose coverage under the Plan had the first qualifying event not occurred. Notice of the second qualifying event must be given following the Reasonable Notice Procedures described below.

Reasonable Notice Procedures

YOUR RIGHTS

The following are Your rights with respect to Your health information.

You have the right to ask us to restrict how we use or disclose Your information for treatment, payment, or health care operations. All requests must be made in writing and state the specific restriction requested. We will try to honor Your request, but we are not required to agree to a restriction.

You have the right to ask to receive confidential communications of information. For example, if You believe You would be harmed if we send information to Your current mailing address (for example, in situations involving domestic disputes or violence), You can ask us to send the information by alternative means (for example, by telephone) or to an alternative address. We will accommodate a reasonable request if the normal method or disclosure could endanger You and You state that in Your request. Any such request must be made in writing.

You have the right to inspect and obtain a copy of information that we maintain about You in Your designated record set. A “designated record set” is a group of records that may include enrollment, payment, claims adjudication, and case or medical management records. *However, You do not have the right to access certain types of information* such as psychotherapy notes and information compiled for legal proceedings. If we deny Your request, we will notify You in writing and may provide You with a right to have the denial reviewed.

You have the right to ask us to amend the information we maintain about You in Your designated record set (as defined above). Your request must be made in writing and You must provide a reason for the request. If we agree to Your request, we will amend our records accordingly. We will also provide the amendment to any person that we know has received Your health information from us, and to other persons identified by You. If we deny Your request, we will notify You in writing of the reason for the denial. Reasons may include that the information was not created by us, is not part of the designated record set, is not information that is available for inspection, or that the information is accurate and complete.

You have the right to receive an accounting of certain disclosures of Your information made by us during the six years prior to Your request, but no earlier than July 1, 2005. We are not required to account for certain disclosures, such as disclosures made for purposes of treatment, payment, or health care operations, and disclosures made to You or authorized by You. Your request must be made in writing. Your first accounting in a 12-month period will be free. We may charge You a fee for additional accountings made within 12 months of the free accounting. We will inform You in advance of the fee and provide You with an opportunity to withdraw or modify Your request.

You have a right to receive a copy of this notice upon request at any time.
