

WHICH LOW-COST SCREENINGS ARE RIGHT FOR YOU TODAY?

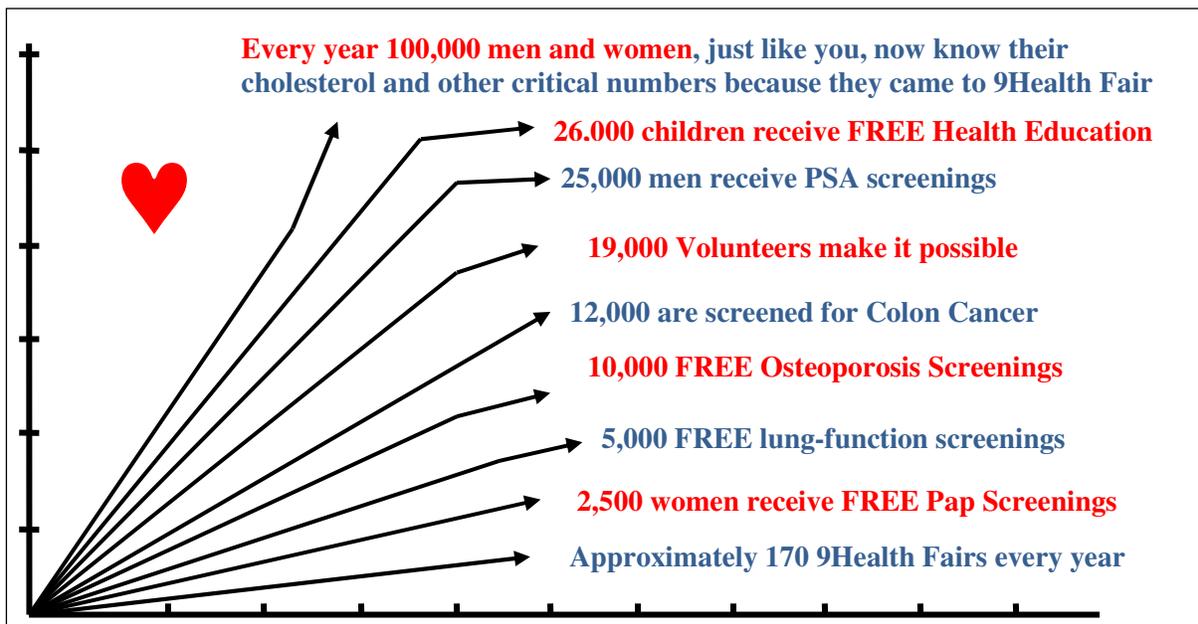

All Other Screenings and Education are **FREE**

ONE SMALL NEEDLE accomplishes all blood screenings at the same time - no matter how many blood screenings you choose. All blood screenings are for participants 18 years and older.

- ♥ **Blood Chemistry Screening (12-hour fast recommended)** Gives you information on your blood sugar (glucose), cholesterol, triglycerides, liver, kidney, bone and muscle function. May show warning signs of diabetes, heart disease and other concerns **\$30**
- ♥ **Blood Cell Count Screening (not included in the Chemistry Screening above)** Drawing a second tube of blood, this screening tells you about the health of your blood and your ability to fight infection, identify anemia, infection or certain cancers. The four components of the test include white blood cell count, hemoglobin concentration, hematocrit value and platelet count **\$15**
- ♥ **PSA Screening (for men over 40 with a family history and all males 50 and older)** If chosen, this third screening may provide early warning signs of prostate cancer **\$25**
- ♥ **Colon Cancer Screening Take Home Kit (men and women 50 or older, unless you have a family history, symptoms or concerns)** This take-home kit screens for signs of colon cancer in your stool. This mail-in kit is quick, simple and easy to use in the privacy of your home and no special diet **\$20**
- ♥ **Please make a tax-deductible donation to 9Health Fair today. Every dollar donated helps insure free and low-cost early detection and health education for everyone. NO GIFT IS EVER TOO SMALL??**

WHAT YOUR DONATIONS DO

Early Detection, Peace of Mind, Education and Hope

Working together, we really do make a difference.

Thank you from Rory Donaldson, 9Health Fair Director of Development, 303-996-0982
