Re: Low-Power Scooter Registrations

**BL10-07**

---

### **\*\*\*Low-Power Scooter Registrations\*\*\***

Effective July 1, 2010 all low-power scooters are required to have a complying insurance policy pursuant to 42-3-105(1)(d)(I) Colorado Revised Statute (C.R.S.). On or after July 1, 2010 a motor vehicle or low-power scooter should not be registered unless the applicant has a complying motor vehicle insurance policy pursuant to part 6 of article 4 of title 10, C.R.S., or a certificate of self-insurance in full force and effect as required by sections 10-4-619 and 10-4-624, C.R.S.

Low-power scooters registered on or after July 1, 2010 will have a corresponding transaction completed in the Colorado State Titling and Registration System (CSTARS) allowing for law enforcement queries. Low-power scooter owners that are registered by an authorized low-power scooter registration agent will have that registration completed on the DR 2579 Low-Power Scooter Registration Agent Temporary Registration form. Low-power scooter owners that are registered by the State Registration Section will have that registration completed on the DR 2701 Low-Power Scooter Registration Application form. Both the DR 2579 and DR 2701 act as a temporary registration. The low-power scooter owner will receive a DR 2574 Colorado Registration/Ownership Tax Receipt from the State Registration Section upon completion of a corresponding transaction in CSTARS. DR forms are available at <http://www.colorado.gov/revenue/dmv>

Low-power scooters registered prior to July 1, 2010 will not be entered into CSTARS and will not be issued a DR 2574.

Please contact the State Registration Section at (303)205-5607 with any questions.
