Attachment A	

Durable Medical Equipment (DME) Providers PAR Requirements

As of July 2, 2012, the prior authorization process for certain DME codes is changing. In an effort to increase efficiency and timely access to services, the [ColoradoPAR](#) Program will no longer do a clinical review for selected codes (see Attachment A of this bulletin). Providers are still required to submit a “notification” into [CareWebQI](#) in order to provide these services, and the notification will then be auto-authorized. The notification process is the same as the prior authorization request (PAR) process in CareWebQI, except providers will no longer have to provide the clinical indications for the attached codes. Although providers will have auto-authorization, they must obtain a PAR ID in order to provide and bill for services. A PAR ID is still required when submitting claims to the Colorado Medical Assistance Program.

It is the provider’s responsibility to maintain clinical documentation to support services provided in the client’s file in the event of an audit or retroactive review. As with all prior authorizations and notifications, an auto-authorized service is not a guarantee of payment.

Note: Services may be audited after being rendered to ensure services provided are appropriate and that all appropriate documentation is maintained.

For questions, please contact ColoradoPAR at 1-888-454-7686.
