3.3.1 STMP Service Fee

a. Mandatory

The Department of Personnel & Administration operates the Statewide Travel Management Program. The Statewide Travel Management Program is self-funded. As a result, its programs are administered such that revenues be generated which will meet all costs.

The STMP, to defray the cost of administering this Program, will require a service fee from the SAIPs to be collected at the point of sale by the travel agency and then passed through to STMP quarterly. The base for the STMP service fee is to be calculated as a \$3.00 service fee for each (domestic and international) round trip ticket, refund and ticket exchange.

The State will not be obligated to pay the vendor for any startup costs associated with implementation of a price agreement.

Confirm your company's compliance with the mandatory requirements shown above.

Fare Deals agrees to be in compliance with these requirements.

b. Mandatory

STMP Service Fees—Timely payment: The State requires quarterly payment of service fees. Services Fees payment must be received by the Statewide Travel Management Program no later than fifteen (15) calendar days after the end of the previous business quarter. The State reserves the right to cancel a price agreement with any travel agency not making timely and accurate payment as required herein.

The Service Fee check shall be made payable to "Division of Central Services" and sent to:
