

Introducing Liberty Mutual Rewards: Valuable Discounts on Auto, Home and Safety Related Products

You may already be aware of the auto, home, and renters insurance discounts Liberty mutual offers to State of Colorado employees through the Work-Life Program. Through Liberty Mutual's *Group Savings Plus®* program, state employees are eligible for auto, home, and renters insurance at a discounted rate.

Now, Liberty Mutual is passing along savings on products and services geared toward safety and maintenance for auto, home and family. Through the *Liberty Mutual Rewards* program, employees are able to enjoy great discounts on auto, family and home-related products from well-known national companies. Companies are continuously being added to the website and by taking advantage of this program, your Liberty Mutual premium may be reduced even further. For example, by purchasing a security system for your house or vehicle (at a discounted rate through *Liberty Mutual Rewards!*), you may be able to further reduce your Liberty Mutual *Group Savings Plus®* home or car insurance premium. Just another way Liberty Mutual is passing along valuable benefits to State of Colorado employees.
