

All State of Colorado Employees **SAVE 40%** on the Nation's First **Proactive** Identity Theft Solution

LifeLock is the leading provider of identity theft prevention services and has developed the nation's first proactive identity theft solution designed to **PREVENT** crimes before they occur. Unlike any other company in the industry, LifeLock backs all services with a **\$1 million guarantee**.

LifeLock has been featured on CNBC, Wall Street Journal, CNN, Money Magazine, ABC News Now, MSNBC, and many others.

FAST FACTS:

- Per the FTC, Identity Theft is the fastest growing crime in America.
- Over 100 million identities have been stolen in the last 18 months.
- You are 25 times more likely to have your identity stolen than to have your car broken into.
- You are 40 times more like to have your identity stolen than your home broken into.
- It takes consumers an average of 177 hours & 2 yrs to restore their identities after they have been stolen.

LifeLock's services and position within the marketplace are both unique and compelling on many fronts. Virtually every other product within the identity theft category is either a credit monitoring service; an insurance product for victims; or a restoration service for victims. **They are all reactionary and do nothing to prevent the crime.** They are designed to help consumers after they have become victims. **LifeLock is preventative and proactive so that the crime doesn't happen to begin with.**

WHAT WE DO:

- We block your credit so only you can use it.
- All services are backed up with a \$1 million guarantee. If our client's identity is ever stolen, we will fix the problem. No matter what it takes! We will reimburse up to \$1,000,000 in financial losses.
- Stop pre-approved credit offers.
- Drastically reduce the amount of junk mail to our clients.
- Ensure that things go smoothly when our clients apply for credit.
- Provide our clients with free annual credit reports.
- We are the only company with a program protecting children under 16.
- An annual subscriptions to our exclusive identity theft newsletter; "The Key"
- Most importantly, we put alerts on your credit reports with all FOUR major credit bureaus. These alerts ensure that if anyone tries to do anything with your credit report, get new credit, change your address, expand credit lines, open a checking account, get insurance or utilities, and more, our clients will be called directly for their approval before anything happens.
