## JOB ANNOUNCEMENT

**Colorado Governor's Energy Office**  
1580 Logan Street, Suite 100 Denver, CO 80203

### **Weatherization Energy Specialist**

The Governor's Energy Office (GEO) is seeking qualified candidates for a Weatherization Energy Specialist. This position will be based in Colorado and will be responsible for inspecting completed weatherization work and providing technical assistance to local weatherization agencies.

### **Required Experience/Capabilities**

Successful candidates will:

- Have experience in residential energy efficiency,
- Be familiar with Colorado's unique residential energy efficiency challenges and opportunities,
- Have a passion for energy efficiency,
- Be an independent, creative, and self-motivated worker,
- Thrive on brainstorming as a means of problem solving, and
- Have excellent written and verbal communication skills.

### **Required Skills and Duties**

Successful candidates will be able to:

- Assess quality assurance compliance,
- Report on agency program standards compliance,
- Assess agency field operations and efficiency,
- Provide on-site technical assistance to agencies,
- Conduct blower door diagnostic tests,
- Conduct combustion appliance safety and efficiency tests,
- Use an infrared camera for inspection,
- Operate power tools and insulation blowing equipment,
- Assess residential electrical wiring,
- Ability to operate computer energy evaluation software and other computer applications, such as Microsoft Office,
- Work in confined spaces,
- Travel for extended periods on a routine basis (2-3 days per week), and
- Possess a valid Colorado driver's license.

### **General Information**

Full-time position, state government benefits, located in Colorado, annual salary commensurate with experience.
