AmeriCorps*State Planning Grants

In conjunction with the 2008 Notice of Funding Opportunity (NOFO) announcement, the Governor's Commission on Community Service is offering planning grants for the purpose of assisting organizations in developing an AmeriCorps Program.

The purpose of a planning grant is to support the development or improvement of a program so that it may be better prepared to successfully compete for operating assistance in the following grant cycle.

AmeriCorps*State Planning grants are for up to a one-year period. Towards the end of the planning period, planning grant recipients are expected to apply and compete for an AmeriCorps*State program grant. There is no guarantee that planning grant recipients will receive an AmeriCorps*State program grant.

Planning grants do not include any AmeriCorps member positions. During the planning period, you will define the roles and activities members will perform in the program.

Eligibility requirements

Information about eligibility requirements can be found in the ***2008 Notice of Funding Opportunity***. Additional information can also be found in the ***2009-2012 Colorado AmeriCorps Operating Grants Guidance and Instructions***.

Funds available

You may request up to \$50,000 in planning grant funds. These funds can be used for staff time, planning meetings, travel to visit local partner organizations, and other costs associated with planning and developing the proposed program.

AmeriCorps planning grants are only for costs directly related to planning activities, rather than general organizational expenses. The application instructions provide guidance on charging administrative costs to the grant.

Matching funds requirement

The match requirements can be found in the ***2008 Notice of Funding Opportunity***. Additional information can also be found in the ***2009-2012 Colorado AmeriCorps Operating Grants Guidance and Instructions***.

Selection process and criteria

In evaluating applications for funding, reviewers will assess program design, organizational capability, and cost-effectiveness and budget adequacy. The weights assigned to each category and sub-category are listed in the chart below. Reviewers will assess application narratives against these criteria and weight them accordingly. Please see the AmeriCorps regulations, 45 CFR §§ 2522.420–2522.448, for additional detail regarding these criteria and what reviewers will assess in each category.

Basic Selection Criteria: Categories, Sub-Categories, and Respective Weights

Category	Percentage	Sub-Categories and Weights
Program Design	50%	Rationale and Approach – 10%
		Member Outputs and Outcomes – 20%
		Community Outputs and Outcomes – 20%
Organizational Capability	25%	No sub-categories
Cost-Effectiveness and Budget Adequacy	25%	Cost-Effectiveness – 15%
		Budget Adequacy – 10%

Section 2522.450 of the AmeriCorps regulations addresses types of programs or program models that may receive special consideration in the selection process. Section 2522.455 addresses how you can find out about additional priorities governing the selection process. Section 2522.470 addresses other factors or information the Corporation may consider in making final decisions.
