PLACEMENT REQUESTS AND OFFICE DESCRIPTIONS

Please indicate up to **three** preferred choices for placement next to the descriptions listed below. Please note that the number of internships is limited. If you are accepted but are unable to be placed within any of your preferred Offices, your placement will be based as much on your academic background and your future vocational plans as possible.

___ **Accounting**

Interns in the accounting office will gain experience working with the Controller. They will work hands on with budgets, fiscal rules, accounting practices, and more. Interns should expect to participate in tasks that will reinforce and propel business in state government.

___ **Office of Chief of Staff**

Being an intern for the Chief of Staff offers interns the unique opportunity to interact directly with Cabinet members, department and agency staff, and constituents. Tasks include preparing briefings for the Governor and the Chief of Staff, preparing agendas and staffing Cabinet-level meetings, scheduling and trip-planning, traveling with administration leadership, and administrative tasks as needed to help maintain day-to-day operations of the office.

___ **Colorado Greening Government**

The Colorado Greening Government Intern is a member of the State of Colorado's Greening Government Leadership Council (GGLC). The intern will play a critical role in delivering on the GGLC's mission by developing, supporting and implementing programs and strategies that promote innovative energy production and efficient energy consumption in Colorado state government. The intern is responsible for supporting implementation of the goals and directives outlined in the 2015 Greening Government Executive Order, including the drafting and review of the various templates and reports; monitoring and tracking progress toward goals; and building and supporting campaigns at individual agency to achieve the executive order resource reduction goals.

___ **Communications Office**

This office works with the media to inform the public of the Governor's goals, actions and ideas. Information is provided through the preparation and coordination of news releases, audio and video presentations, and news conferences. Intern duties include research and writing, among other office duties.

___ **Community Partnerships**

Interns assist staff with the implementation of special initiatives, projects, fundraising, and events. Interns contribute to projects by creating and strengthening partnerships with key stakeholders that strengthen state and local processes, and by creating opportunities to increase volunteer participation in communities across Colorado. Community Partnerships facilitates and encourages collaborative relationships with local government, non-profit agencies, foundations, businesses and service providers through the provision of technical assistance and the convening of stakeholder forums.

___ **Governor's Office of Correspondence**

The Governor's Office of Correspondence is managed by Community Partnerships. Staff and interns ensure constituents, as stakeholders, are assisted by working and coordinating with state agencies, divisions, and federal offices. More specifically, interns will respond to constituent comments and concerns over mostly through email and letters, but also face to face and by phone as needed. Interns are expected to have good interpersonal, writing, and research skills and will assist in drafting and processing Governor Proclamations and official correspondence for publication. Interns in this area should have a strong understanding of local policy, current legislation, and national politics.

___ **Office of eHealth Innovation (OeHI)**

The eHealth office promotes expanded use of Health IT in Colorado. The vision of the office is to accelerate technology-driven health transformation by aligning public and private initiatives to support Colorado's commitment to become the healthiest state in the nation. Interns in this office will develop communication templates and draft initial communication about the new office and eHealth Commission. Other ad hock responsibilities will be assigned based on the office's needs. The intern will be involved in launching communication efforts for our new Office of eHealth Information. They will also have the opportunity to work with the State Health IT Coordinator and attend various health IT and State meetings.

___Energy Internship

In coordination with Noble Energy, interns will be placed in programs including but not limited to the Department of Natural Resources, the Colorado Energy Office, and the policy team to grow their understanding of the public sector with an energy focus. This initiative will give interested individuals an up close view of the inner workings of state government. Interns will shadow energy staff from different departments to gain a better understanding of processes, procedures, and topics.

___Office of Legal Counsel

This area provides legal advice to the Governor, his staff, and his cabinet. The Office processes judicial applications and handles appointments to the Judicial Nominating, Performance, and Discipline Commissions. Interns assist with research and writing projects, asked to help vet judicial nominees, or assigned to follow legislation. Internships in this office are intended for law students.

___Office of the Lieutenant Governor

Interns in the Lt. Governor's Office assist with the coordination of some special initiatives and are responsible for staffing the office during business hours, including answering emails, phones and letters. They will also be responsible for assisting in general office function such as filing, organizing and setting up databases. Interns will have the opportunity to attend legislative processes, to staff the Lt. Governor at meetings, speeches and other public appearances and to attend staff meetings.

___Office of Policy and Research

Interns assist in gathering information and providing analysis on a wide range of federal, state and local issues that come to the attention of the Governor. The staff assists the Governor in developing and monitoring public policies, as well as analyzing all legislation that is considered each session. The office also proactively assists in implementing the Governor's policy agenda, in collaboration with the Governor's cabinet.

___Governor's Office: Scheduling, Reception, and Advance

The Governor's schedule sets the foundation for the rest of the office. The schedule determines which initiatives and projects will receive the Governor's regular attention and time, and thus greatly impacts what the administration will be able to accomplish. The Governor's schedulers and assistants use an effective scheduling strategy by addressing four key issues: communicating the Governor's availability, booking and labeling appointments, press conferences, meetings, etc., allocating time appropriate for duties and meetings, and processing requests. Additionally, schedulers and assistants are responsible for taking calls, directing guests and meeting attendees to the appropriate conference rooms, and keeping staff on time.

___Constituent Services/Citizens' Advocate Office

The Citizens' Advocate ensures state government is meeting the needs of every Colorado resident. Interns have the opportunity to research and respond to constituents while gaining valuable insight into the interaction between state government and the public. The Citizens' Advocate Office leads the Citizens' Advocate Corps; interns help manage and strengthen that network committed to facilitating community outreach.

___Performance Management Team

The Governor's Performance Management Team is a small team dedicated to defining statewide goals and working with departments to identify strategic policy initiatives and the high-impact strategies we must employ to achieve those goals. We work closely with the Governor's Cabinet and departments, creating a system of reporting and evaluation, and empowering state employees with the tools, training, and resources needed to improve the way we deliver high-quality government services. Interns work closely with the Performance Management Team on data analysis and database management, as well as on developing communications, trainings, and tools to help departments with process improvement initiatives and performance management.
