### EXECUTIVE ORDER

#### Colorado COVID-19 Disaster Recovery Order

Pursuant to the authority vested in the Governor of the State of Colorado and, in particular, pursuant to Article IV, Section 2 of the Colorado Constitution and the relevant portions of the Colorado Disaster Emergency Act, C.R.S. § 24-33.5-701 *et seq.*, I, Jared Polis, Governor of the State of Colorado, hereby rescind Executive Order D 2020 003, as amended and extended, which declared a state of disaster emergency due to the presence of coronavirus disease 2019 (COVID-19) and issue this Colorado COVID-19 Disaster Recovery Executive Order. This Executive Order focuses the State's efforts on recovery, as most of the measures directed toward responding to the pandemic emergency are no longer needed. This Executive Order also rescinds: Executive Orders D 2020 011, as amended and extended, D 2020 038, as amended and extended, D 2020 068, as amended and extended, D 2020 100, as amended and extended, D 2021 016, as amended and extended, D 2021 088, as amended and extended, and D 2021 104, as extended.

Further, pursuant to the authority vested in the Governor of the State of Colorado and, in particular, pursuant to Article IV, Section 5 of the Colorado Constitution and C.R.S. § 28-3-104, I hereby authorize the continued employment of the Colorado National Guard to support and provide planning resources to State and local authorities for the recovery.

#### **I. Background and Purpose**

The Governor is responsible for meeting the dangers to the State and people presented by disasters. C.R.S. § 24-33.5-704(1). The Colorado Disaster Emergency Act (Act) defines a disaster as "the occurrence or imminent threat of widespread or severe damage, injury, or loss of life or property resulting from any natural cause or cause of human origin, including but not limited to . . . epidemic." C.R.S. § 24-33.5-703(3). The threat posed by COVID-19, a respiratory illness that can spread from person to person, constitutes a disaster for purposes of the Act. The Governor has authority to take any action "in prevention of, preparation for, response to, and recovery from disasters." C.R.S. § 24-33.5-702(1)(d). For purposes of the Act, recovery is "the short, intermediate, and long-term actions taken to restore community functions, services, vital resources, facilities, programs, continuity of local government services and functions, and infrastructure to the affected area." C.R.S. § 24-33.5-703(7.3).

We have lost over 7,000 Coloradans to COVID-19. Hundreds of thousands of Coloradans have become ill, and our healthcare professionals continue to work tirelessly to ensure that COVID-19 patients are treated with the best medical care we can offer. This pandemic has

required extraordinary sacrifices from each and every resident of our State. I thank all Coloradans for rising to meet this moment in world history. Every aspect of our lives changed, but despite the enormous challenges, we undertook these actions to protect ourselves, our friends, our families, and our community.

Thanks to the tremendous efforts of all Coloradans, the moment for extraordinary executive action has passed. I no longer need to use much of the temporary authorities granted to the Governor under the Act. The State has made tremendous progress in terms of containing and treating infection and distributing the COVID-19 vaccine. Over seventy percent of adults have now received at least one dose of the lifesaving COVID-19 vaccine, and we are beginning to see life return to a new normal. I am therefore rescinding all previous Executive Orders issued due to COVID-19 and amending and restating this Executive Order to focus only on those measures related to the State's recovery from the COVID-19 pandemic emergency.

This Executive Order rescinds Executive Order D 2020 003 and restates certain provisions to focus on the State's recovery from the COVID-19 pandemic emergency. This Executive Order contains directives that facilitate administering the lifesaving COVID-19 vaccine and ensuring that our healthcare facilities have sufficient resources to treat COVID-19 patients, improve our economic recovery, maintain access to additional federal funding, and continue the State's disaster declaration and essential directives for response and continuity of State government. Together, these directives will ensure agency access to State and federal funding and enable the State to continue COVID-19 response and recovery activities.

**ii. Improving Economic Recovery**

The total paid to any eligible individual shall not exceed the amounts set above. If an individual returns to unemployment at any time during the eight (8) week period, they will have forfeited the remainder of their payment.
- B. For purposes of this Section II.ii of this Executive Order, the term "eligible individual" means any individual who received at least one week of unemployment insurance compensation during the period of time between March 28, 2021 and May 16, 2021 and:

  2. Unemployment Compensation for Federal Employees (UCFE), under 5 U.S.C. § 8501, *et seq.*, and Unemployment Compensation for Ex-Service members (UCX), under 5 U.S.C. § 8521, *et seq.*; or

- D. The allocated funds for this program and any costs associated with the administration of those payments shall not be billed against the CDLE Unemployment Insurance fund or any administrative grant provided through the United States Department of Labor (USDOL) for program administration but shall instead be solely charged to the funds encumbered by this Executive Order and extensions thereof.
- E. Prior to the commencement of any activity by CDLE related to the distribution of the funds transferred, documented approval from the USDOL is required in accordance with the requirements of 2 C.F.R. 200.407, Subpart E. Any administrative costs borne by CDLE to implement this Executive Order shall be proportionately allocated pursuant to 2 C.F.R. Part 200, Subpart E and as provided through any relevant USDOL Guidance including, but not limited to, Training and Employment Guidance Letters No. 6-05, 15-09, 6-02 regarding how to properly apply cost allocation principles.

- I. The State and federal government have provided rental assistance for residential tenants who are in danger of losing their housing due to the economic impact of COVID-19. The demand for this State and federal aid has been immense, and these programs need time to provide aid to tenants. This directive provides assistance to Colorado residential tenants at risk for eviction while State and federal funds are distributed. The following directives in Section II.ii.I expire on July 31, 2021:
1. I temporarily suspend those portions of C.R.S. §§ 38-12-204(1), 38-12-204.3(2), and 13-40-104(1)(d) that require landlords to provide all residential tenants with ten (10) days of notice of any default for nonpayment of rent, during which time the tenant has the opportunity to cure the default. Instead, landlords must provide tenants with thirty (30) days' notice of any default for nonpayment that occurred on or after March 10, 2020 before initiating or filing an action for forcible entry and detainer. Such 30-day notice may extend beyond the expiration of this Executive Order. During this thirty (30) day period, tenants shall have the opportunity to cure any default for nonpayment.
  2. Nothing in Section II.ii.I shall be construed as relieving an individual from their obligation to make rent payments.
  3. No individual shall file or initiate actions for forcible entry and detainer (i.e. eviction), including any demand for rent under C.R.S. § 13-40-101, *et seq.*, unless the individual has notified the tenant in writing of the resources available to tenants and landlords. To meet this requirement, the individual must provide as notice a copy of the Department of Local Affairs (DOLA) resources found at [https://drive.google.com/file/d/1e\\_wzHePhG-1aONBlvEzMnJFovC4YfsJi/view](https://drive.google.com/file/d/1e_wzHePhG-1aONBlvEzMnJFovC4YfsJi/view).
  4. I direct the Executive Director of DOLA to continue working with landlords to implement the model rent repayment agreements created by DOLA to assist individuals who are unable to pay rent, which can be found at <https://drive.google.com/file/d/1mWh7qSpXRMcavBnJnZdQmR9goEcrq6b0/view>.

**iii. Maintaining Access to Federal Funding**

- A. CDLE shall expedite unemployment insurance (UI) benefits claim processing and distribution of payments to ensure displaced workers as a result of the impacts of

COVID-19 will begin receiving such payments within ten (10) days of the receipt of filing their completed applications to the extent practicable.

1. C.R.S. § 8-73-107(1)(d) that UI benefit recipients serve an unpaid waiting week prior to receiving benefits.
2. C.R.S. § 8-73-108(e) that UI benefits are charged to employer experience rating accounts, and I direct CDLE, through the Division of Unemployment Insurance, to charge benefits for claims resulting from the impact of COVID-19 to the fund rather than to employer experience rating accounts.
3. C.R.S. § 8-74-102(1) that CDLE staff notify other interested parties upon receipt of a UI benefit claim and that such parties be afforded seven (7) calendar days to respond to said claim before CDLE issues a decision to award benefits, and I direct CDLE, through the Division of Unemployment Insurance, to prioritize the UI benefit payments resulting from the impacts of COVID-19 before providing notification of interested parties and additional fact finding as necessary to ensure prompt payment of benefits.
4. Pursuant to the authorities provided in C.R.S. § 8-74-102(1), the Executive Director of CDLE shall promulgate and issue emergency rules as needed to accomplish the directives in Sections II.iii.A and II.iii.B of this Executive Order.

C. I temporarily suspend the following statutes for thirty (30) days concerning Medicaid eligibility:

1. C.R.S. §§ 25.5-4-205(3)(b)(I) and 25.5-4-205(3)(d) requiring the collection or verification of any information related to Medicaid eligibility factors, including citizenship, household size, income, or assets for those persons already enrolled in Medicaid;

- F. I temporarily suspend the following statutes:
  - 1. The definition of direct and indirect health care services costs in C.R.S. § 25.5-6-201(15)(a); and
