To nominate **Marianne Dunne** to Courtroom Security Advisory Board.

To nominate **Marianne Dunne** on Pre Trial Release Advisory Committee.

To nominate **George Wilkinson** to TPR/STAC Advisory Committee for Colorado Department of Transportation.

To appoint **Joe Boos**, as an alternate to the Alamosa County Planning Commission.

To appoint **Leroy Teem** to the Alamosa County Planning Commission.

To appoint **Monte Mullins** to the Alamosa County Planning Commission.

The standard office hours for Alamosa County are 8:00 AM to 4:30 PM Monday through Friday.

Roll call vote resulting in approval: all in favor

DATED:
ATTEST:

Melanie Woodward, Clerk of the Board

Commissioner Allen welcomed Marianne Dunne. They have a full year ahead of them with lots of projects and work. The three of them are committed to do what is best for Alamosa County. These boards listed in the Reorganization are just a few boards they attend. Some they are required by the state, some by CTSI, and some by CCI. They have the opportunity to get involved as much as they would like. It has been the position of Alamosa County to get involved and be involved and be the leader in the forefront as you will see in the future.

Ms. Dunne thanked the Commissioners. She stated she is delighted to serve them and the other elected officials. She is humbled by the people who elected her and she is here to serve everyone in the County. She is happy to work with the staff and everyone in the county. They can make it a better place to live for everyone in Alamosa County.

Alamosa County Assessor

Petition for Abatement for Standard Sales (Budweiser)

Sandra Hostetter was present. They have asked to adjust the estimated value to $1.7 million. She has visited with our Commercial Consultants where they reached a stipulation of $1,800, 150. It is her recommendation that they accept this stipulation and proceed with the abatement.

Commissioner Allen asked what it was valued at last year. They appealed last year where it was valued at $2,467, 703. Commissioner Allen asked who she consulted with. They consulted with Value West who specializes with Commercial Property Assessment. They do all our Commercial Appraisals.

Commissioner Yohn asked they can go back three years. They can go back two years so this all they can go back. Commissioner Allen asked if 2013 is a re-evaluation year. Yes stated Ms. Hostetter.

Commissioner Dunn asked the reason for the appeal their estimated cost approach would be $1,690,000 and you are saying 200,000 more than that. They stipulated with them and they agreed at that stated Ms. Dunn. They don't exactly get what they are looking for and we don't exactly get what we are looking for; they stipulate an amount. Commissioner Dunn asked if there are any special breaks for businesses for property taxes. No they do not but they have
discussed it. Maybe if there was a new business that was not competing with any other businesses they might consider. Have we collected this and we have to return the amount asked Ms. DeHerrera. Ms. Widholm stated they already processed 2011 so it has been paid. The portion abatement would be $14,887.58 for 2010. This is very similar to 2011 so for the two years it would be around $28,000.

Commissioner Allen asked if this includes any personal property. No it does not stated Ms. Hostetter.

Commissioner Yohn stated this is why they went with Value West to clarify all this. They should help very much in getting everything in line. Yes stated Ms. Hostetter they should have a much better handle on their commercial appraisals now.

M/S Dunne/Yohn motion to accept this abatement for 2010.
Motion was approved unanimously.

Alamosa County Treasurer

Wize Apples Liquor License Renewal

She did a background check and everything came back good. They submitted all the appropriate fees. She would request a renewal for their liquor license.

M/S Yohn/Dunne motion to approve Wize Apples Liquor License Renewal
Motion was approved unanimously.

They do the liquor license establishments in Alamosa County. They receive the renewals from them every year. She calls the Sheriff’s Office for a background check for them. Once she receives the approval of the background check she schedules it for the next Commissioners Meeting. She brings them to the board for approval and once approved she sends it to the state. Then they will get their license from the state.

Discount Liquor License Renewal

She did a background check. They submitted all the appropriate fees. She would request a renewal for their liquor license.

M/S Yohn/Dunne motion to approve Discount Liquor License Renewal
Motion was approved unanimously.

Clerk & Recorder Report for November 2012

She is waiting for the reimbursement from Alamosa School District and the State of Colorado. Every year when they have an election every entity that participates in it are billed. All entities are billed depending on the total cost of the election and then the number of registered voters is
taken into consideration. The State reimburses them for all the active electors for Alamosa County. She believes it is about 80 cents a person.

**M/S Yohn/Dunne motion to accept the Clerk & Recorder Report**

**Motion was approved unanimously.**

*Public Hearing*

*Dune View Spirits*

SEE PUBLIC HEARING MINUTES FOR FURTHER INFORMATION

Melanie Woodward and the applicants Carly Triz and Donnie Bautista were present.

Commissioner Dunne asked Ms. Woodward about the petition if they did ask for opposition. There is a yes and no column stated Ms. Triz. Ms. Dunne stated it was a public inquiry. Ms. Woodward stated out of the 33 signatures there were 3 that opposed. Ms. Dunne asked what the population of Mosca was. Mr. Chester Jones stated maybe 100 radius.

Commissioner Allen asked Sheriff Stong under a liquor license violation is that a mark against them for a liquor license to be pulled and if so what is the time length. Sheriff Stong stated it would be reported to them and the state. This would happen within 60 days of violation.

Commissioner Dunne asked Sheriff Stong if he sees from his experience that there is more crime or more undesirable people hanging around liquor stores like Mr. Jones was concerned about or do they purchase their wine and leave. Sheriff Stong stated for the most part in dealing with Discount Liquor there is a whole lot of criminal activity going on in or around that location. Unfortunately he would estimate that 100% of all their crimes are alcohol related or drugs. They do have issues with Discount Liquors. They have a lot of problems with the homeless around there.

Commissioner Yohn asked if this was properly advertised and in the local paper. Yes stated Ms. Woodward it was advertised in the paper on December 22\textsuperscript{nd} in the Valley Courier and there was a sign posted on the building. As a packaged store he doesn’t see that much concern for people hanging around the areas as the concern of drinking and driving but on the other hand it is a lot closer to home so they don’t have to drive that far. Then having a facility near there that is not there anymore he can see a market for it.

Commissioner Allen asked if the setback criteria with Land Use have been met such as so many feet from a school or a church. Ms. Woodward didn’t know.

Commissioner Yohn asked if this went through the Land Use Office at all. It did not stated Ms. Woodward

Commissioner Allen stated he would ask the board to table this and have them turn to the Land Use Office to meet criteria and they would like a copy of the petition. They need to make sure they follow the criteria that Land Use set up and if doesn’t then they have an option to ask for a waiver of those options. They need to give the people in that area an opportunity to voice their opinions as well.
Commissioner Yohn stated they need to make sure that they are accurate as can be and the lack of information concerned him so this way the information will get around.

**M/S Dunne/Yohn motion to table this application**
**Motion was approved unanimously.**

**Alamosa County Treasurer**

Employee Vacancy Request

Lois Widhalm was present. She has a vacancy effective January 4th for an Accounting Technician II. This position will require her to make some job duty transfers because she will have to train people for this vacancy. The duties of this position include collection, reporting, reconciliation, disbursements, and public information. It is a very necessary position. She will not make any request of change or supplement to the budget.

Commissioner Yohn asked if this position was the part of the restructuring she did awhile back. Yes stated Ms. Widhalm in May when the Deputy Treasurer resigned.

**M/S Dunne/Yohn motion to approve the Employee Vacancy Request**
**Motion was approved unanimously.**

**Alamosa County Public Health**

Julie Geiser, Director and Beverly Strnad, Public Health Nurse were present.

Each Public Health Department in Colorado has to go through a process of creating a Public Health Improvement Plan. Their timeline was to have a draft to submit to CPHDE. On Page 21 it lists the Priorities and Goals. It was suggested to them not to make too many priorities because then you won’t be able to address them all. They identified that they need to look at Environment Health both in Alamosa County and the other Public Health in the San Luis Valley. The other two that were identified by the Public Health Leaders Group, the Board of Health, and the SLV Prevention Coalition which were Obesity Prevention and Mental Wellness Promotion. It has a one year plan and a five year goal. They are asking the Board of Health to accept it and then they will submit it to CDPHE. They would like to post it to the Website as well.

Commissioner Dunne asked about the Mental Wellness that they didn’t get a chance to read it ahead of time because they just received it but did they work with Mental Health or is it just through her experience. They have worked with them stated Ms. Geiser as well as Fernando Martinez is part of the Committee and they are part of the Prevention Coalition. They were concerned about was child abuse but they wanted it a little broad so they listed Mental Health.

Commissioner Allen asked if there was a timeframe that they had to have it to the state. Ms. Strnad stated by the end of January.
Ms. Dunn stated is Suicide included because she feels it is very important so many young people die that way. Even though the goals are very broad it would help them work with such as suicide. The important part is to recognize in this is that Public Health doesn’t do all the work but work with all the entities involved.

Commissioner Allen stated they did get this document today but part of his trust is that is why they hire these folks to do this for them but if they would like more time to review it they can accept this at the next meeting or if they would like to accept it now.

Commissioner Yohn asked if each county is required by the state to have a Public Health Improvement Plan why would they consider doing a Regional. They have a Regional Planning Process where the Office of Planning & Partnership through CDPHE is trying to better utilize resources to not have overlap or gaps. They asked if we would consider doing at least a Regional Partnership. They are really looking for a partnership for a Regional Environmental Health. So many times he sees plans duplicate that duplicate another plan.

M/S Dunne/Yohn motion to approve the Public Health Improvement Plan
Motion was approved unanimously.

The Fund Balance Report was presented. Home Health is generating revenue to cover the Personal Provider Program as well as Public Health. Ms. Dunn asked how much comes from the Federal that goes to the State for Home Health because she heard on the news that it was going to be cut. A majority comes from them, they do bill a few insurance companies and yes they are aware of the cuts.

She needs to replace the Supervisor position for our Options for Long Term Care Program. There is at least one person interested in-house that would be qualified so then this would leave that position open. She would like to request to replace that vacancy position.

M/S Yohn/Dunne motion to replace Employee Vacancy
Motion was approved unanimously.

Alamosa County Home Health

She met with a nurse practitioner, a wound care specialist. She would like to do a contract with her to be able to evaluate some of the wounds that they are taking care of. By wounds she means like ulcerated from diabetes from the legs or bed sores. To get those healed it is very costly because they have some nurses that are doing daily wound care. The Nurse Practitioner is saying if they are treated correctly and the right dressings are used there is no reason to go out every day. She would their permission to develop a contract to work with her. The Commissioners agreed she should proceed and give the contract to Mr. Kelly, County Attorney to review.
Alamosa County Road & Bridge

Phil West was present. He has been doing their usual trying to start trucks and change fuel filters. He has been getting 60/40 blend which they run number 2 year round but in the winter they cut it back to number 1 which this last time he went to 50/50 blend. They are still hauling dirt and raising a road on Lane 7 north. He would like to pour cracks on 6 miles of Stanley and all of 7, 4, 6, 8, and 9 which would be about 21 miles. They will see about that as soon as he gets a little bit more snow off the 7. This is the west half of the Stanley from the 106 of the County Line and the Lane 4, 6, 8, and 9. He has been plowing snow. Have your two new employees have been working out good asked Commissioner Yohn. Excellent stated Mr. West.

Alamosa County Department of Human Services

Joe Carrica was present. He presented the Statement of Expenditures for November. Alive E Program is showing them at 111% the reality of it is when they got the grant dollars in this was 33,595 so they within that expenditure. This is how they emancipate children out of placement that can't go back to their families for independency. The Park Grant is for Adoption of Children and again they are within the dollars. They can be offset by any of the Child Welfare components. HB1451 where there was an allowance if you overspent Child Welfare costs it could be credited to you and applied to the state and you could access it later for when you needed it. It is not a fixed amount of money it is just a guess. So really it is not an overage. Graphs on Ongoing Caseload Summary Reports were presented. Medicare Savings Program is a program to help with Medicare Part B costs where one helps pay the entire thing and the other pays the Part B and copays. Food Stamps showed fewer caseloads this year compared to last year but it is possible the expenditures could be higher. Long Term Care shows they are under where they were last year. Colorado Works shows them with fewer cases from last year. Family Medical coverage's show few cases than in 2011. Adult Financial shows they are under cases than in 2011. Adult Medical shows they have been over all year long with higher cases in November. The Feds and the state raised the financial eligibility so this drives higher amount of participants being eligible.

The Investigation Report, Recovery Collections Comparison Report, and Child Support Collections Comparison Report were presented. The Child Support Monthly Case Count was presented showing 1127 in December of 2012 and 1138 in 2011.

He has a contract for someone to do Parenting Classes which is part of the Core Services Plan. He would like permission to sign this contract. Also there is going to be a $25,000 available for the Core Services Plan so he probably will come back with asking for something else for the Core Services Plan. Mr. Kelly stated he could draw up something basically stating he could sign for anything less than $5000 or if it comes out of that Core Services Plan the board authorizes him to sign the contracts.

They are proposing to increase the Medicaid threshold where you become eligible for kids ages 16-18. They would raise it from 100% to 133%. The second is raising the income level for pregnant woman from 133% to 185%. Every year there has been a move in the legislature to align the adult protective services with child welfare which means mandatory reports from
doctors. This is very costly. They have decided to make the reporting age 70 years old. They want to see what the numbers would be and later they may expand it. Then they are going to start talking about guardianship or conservatorships. It is a big need for the elderly population.

They got two Certificates of Appreciation from the State. The state looks at how fast they process applications and are they timely. The target is 90% for 2011 and 95% for 2012. They had a 96% timely processing for expedited Food Stamp Cases. The other one is processing applications at 98%.

Tax Base Relief where the state looked at the poorest counties who had the least ability to raise property taxes and they would match 50% of the overage. It has moved from 27 counties to 8 counties that were eligible. The Director Association wrote a letter to CCI to ask to send this to legislature to see if they would fund those nine counties as a supplemental.

He has two resignations one which is a case aid and a receptionist. He would like permission to fill those positions.

**M/S Yohn/Dunne motion to approve the two Employee Vacancies.**

**Motion was approved unanimously.**

**Alamosa County Sheriff**

**Equipment Payroll Deduction Purchases**

Sheriff Stong was present. They talked about Mr. Kelly redoing the Employee Payroll Deduction Contract. For the last 20 years employees have to have specific equipment for the job. They are not in the position to purchase these items for them. So the County would purchase the equipment and then amount is deducted from payroll. They never had an issue where it did not get paid. They did have employees leave before but the remainder amount was taken out of their last paycheck. Last year they changed it to every other year except for new employees which he would like to change it to every year. It is a tremendous morale booster for the employees. Mr. Kelly asked if it is registered in their name. Yes they are the registered owner stated Sheriff Stong. Commissioner Allen stated there are fiscal applications that are incomplete. He would ask that Ms. DeHerrera would look at the applications and if they are not complete they will not be approved until complete. Mr. Kelly stated all they turned in was a payroll deduction form where is the application it needs to be attached as well. The equipment has to be job related Sergeant McCloscky sets up the policy what they need to carry on duty and off duty. They do not issue out any fire arms or handcuffs.

One vehicle transmission went out and would cost $1500 used or $3000 to repair. They paid $5000 to Jeffco for it which has 132,000 miles and it is a 2005 Tahoe. One has a blown out engine and is in the old County Shops.

Sheriff Stong asked about if they made a decision of making our own dog pound. The Commissioners decided not to. He has been in contact with Valley Vet and they will take the dog for $100 per dog for five days. He talked with Donnie Soapes to see how many dogs we usually get. They used to pay $400 a month to the Valley Humane League so they could manage
with 4 or 5 dogs a month to equal that. Commissioner Allen talked to Pat Stanford who is on the board of Valley Humane League to see where they are at and he hasn’t got back to him.

They are going to move ahead with the False Alarm Calls Policy. They had 172 calls last year and only one was a crime. This puts them in a dangerous position because they go out on a call thinking that they are a false alarm. They want to start charging to respond to these calls after more than one time.

**Board/Staff Updates**

**Adjourn**

There being no further business, the Regular Meeting of the Board of Alamosa County Commissioners was adjourned.

**ATTEST:**

_Belinda Ramirez, Office Manager_

_Carol Osborn, Assistant Administrator_

_Darius Allen, Chairman_

_Mike Yohn, Vice-Chair_

_Marianne Dunne, County Commissioner_
Minutes of the Public Hearing for Dune View Spirits LLC was held on January 8, 2013 at 10:30 a.m. in the Commissioners Chambers, Alamosa County Services Center, 8900 Independence Way, Alamosa, CO 81101.

Members Present:  
Darius Allen, Chair  
Mike Yohn, Vice-Chair  
Marianne Dunne, Commissioner  
Jason Kelly, County Attorney  
Brittney DeHerrera, Chief Financial Officer  
Carol Osborn, Assistant Administrator  
Belina Ramirez, Office Manager

Melanie Woodward, and applicants Carly Triz and Donnie Bautista were present. They purchased the old Zip Code Café. They would like to put a retail liquor store in there. A sign was posted for the public hearing. She advertised it. They paid the fees, background checks have been submitted, and fingerprints submitted.

Mr. Bautista stated they have been pondering this for the last couple of years. They are the General Manager and Director of Operations for the Sand Dunes Swimming Pool in Hooper. Ms. Triz’s parents have owned the pool for seventeen years and they have run it for the last three years. They hesitated at it first because there was a school on the same road that they purchased. Now the school moved, and it was the right time and the right price. They have had a history in working in restaurants and food beverage jobs. He has a degree from Texas Tech in Food and Beverage. This is one of the questions they get from the tourists/campers that come into the Swimming Pool; one is where the nearest RV dump station is and the other is where the nearest liquor store is. This is the reason they are looking into this.

Commissioner Allen asked if anyone is in favor of or opposition to this application.

Scott Manke who lives half way between Mosca and Hooper spoke. He has been going to the Sand Dunes Pool for many years probably since he was five. He has been in business on and off. He knows Carly since he goes to the pool and now Donnie. This is a nice convenience for them. It is a nice opportunity to help boost the local economy. They are talking about remodeling the building to make it a higher end store. He doesn’t drink that much but it would be nice if he has guests over to go and buy a bottle of wine.

They did circulate a petition where they received 33 signatures in favor of stated Ms. Woodward.

Chester Jones who resides at 5231 Barker St spoke. He objects to this request. He moved to Mosca in 1967 where he has enjoyed his residence. He read the following:

Whether real or perceived is one that an establishment that sells liquor can create an environment in social disorder around the store. There is little doubt that liquor stores in other places have acted as magnets for crime and violence which can expose local residents to potential harm. It is conceivable that this roadside liquor store can provide the opportunity for the store to be the target of robbery and/or bodily injury with
Highway 17 being an easy and fast exit route after a crime. It is his understanding that there is a plan for a liquor store to reopen soon in Hooper which is only seven miles north of them to provide purchase of alcohol. This raises the concern of another similar establishment in their area. He has enjoyed living in Mosca for the past 48 years and appreciated the quiet and peaceful atmosphere. It is not easy for him to think that this quiet little town could develop the reputation of a liquor store stop for many. Therefore with these thoughts in mind he urges the Commissioners to deny the petition for the establishment of a liquor store in Mosca.

Brenda Clair who resides at 5260 Terry St spoke. She didn’t realize this was happening until Chester Jones called her last night. She knows of several other neighbors that are opposing it. She feels this should be tabled and more work done on it. And more investigation.

There being no further business, the Public Hearing for Dune View Spirits was adjourned.

ATTEST:
