Fee: \$50.00 per cut

Road Cutting Permit #: _____

Right-of-Way Permit #: _____

Name: _____

Address: _____

Legal Description of Property: _____

Location and type of proposed cut: _____

ROAD CUT SPECIFICATIONS:

This permit allows the cutting of a perpendicular cut two (2) feet wide trench across paved or gravel portion of a County Road.

Trench must be backfilled, compacted and left as smooth as possible with excess dirt being cleaned off the pavement.

Any pavement cutting must be done with a jackhammer or a pavement cutter.

The contractor will replace paving material and road surface will be left in the same or better condition. Failure to do so County Road and Bridge will do work with all cost for material, labor and use of equipment billed to Contractor. Contractor will pay in full within (30) days from date of billing.

Signing of the construction site is required and shall comply with Costilla County Road Standards.
