STREET CUT PERMIT AGREEMENT

1. Assume all liability of the construction.
2. To allow the County Road Supervisor to inspect all phases of work.
3. To thoroughly compact all backfill by mechanical tamping.
4. That all permanent patchwork performed shall be the same thickness and material of Existing street and shall conform completely with the material that was removed.
5. No trench shall be left open overnight without the proper signs and barricades being in place and meet all safely requirements. (Flashing lights or reflectorized material on barricades is acceptable). The Road Supervisor for the area should be notified prior to 3:00 p.m. if a portion of the road or shoulder is to remain open.
6. If deficiencies arise in the cut or pathwork, the applicant will be given a reasonable amount of time to repair such deficiencies not to exceed thirty (30) days. If acceptable corrections are not made within time limit, the County shall make the necessary repairs. The cost of the repairs (which includes administrative costs) will be recovered from the applicant.
7. Applicant accepts responsibilities for the procurement and placement to traffic signs and traffic control people (Flaggers).
