

Colorado Identification and Credentialing Program Guidance

Appendix B

Attachment F: Explanation of card fields and source data

2016 Revision

Colorado Division of Homeland Security and Emergency
Management
Logistics Section

COLORADO

**Division of Homeland Security
& Emergency Management**

Department of Public Safety

Introduction

This document is an explanatory and visual reference to explain the data fields and where the source data comes from in the Salamander LIVE system. This document shows the differences between the ESF 13 Law Enforcement cards vs. all of the rest of the ESF's.

For further assistance, please contact the Colorado Division of Homeland Security and Emergency Management Logistics Section Chief at Jeremy.Utter@state.co.us or by phone at 720-852-6689.

Helpful Resources:

- Colorado Division of Homeland Security and Emergency Management (DHSEM) credentialing webpage: <http://dhsem.state.co.us/emergency-management/operations/logistics/credentialing>
- Salamander Live website: <http://colorado.responders.us/apps-menu/applications/salamander-live/>

The front of all cards are laid out in the same configuration and have the same editable or non-editable fields.

Photos are editable in the system.
 Must include head and shoulders
 Recommended to be in agency clothing
 May not be wearing a hat or sunglasses
 Photo should be taken against white or light colored background
