clippings and slash per day at no cost) Each fire shall have at least one person in attendance at all times with acceptable extinguishing equipment.

Burning shall be permitted during daylight hours between 4:00 a.m. and 10:00 a.m. unless approved otherwise. At dusk, all fires shall be extinguished completely with water or another method as approved by the LLCFR.

WITHIN 24 HOURS OF PLANNED BURNING, the applicant shall:

ON EACH DAY OF BURNING, the applicant shall:

a. Given that the appropriate site conditions exist, weather conditions are favorable, and BEFORE EACH DAY'S BURNING IS STARTED, the applicant shall advise Lake County Dispatch (719) 486-1249 of intent to start burning.

b. Open burn piles shall be ignited as early as possible after sunup (no earlier than 4:00 am). Burns shall not be started after 10:00 am without prior approval.

c. No burning shall be allowed during unfavorable weather conditions, red flag warnings, critical fire watches, or fire bans (declared by the federal, state, or Lake County Fire Ordinance). If any conditions mentioned above, change significantly, while the burn is in progress all burning shall be immediately extinguished.

d. If at any time the controlled burn creates a problem for life safety, property or local traffic, permit holder may be required to extinguish the burn until more favorable conditions exist.

AFTER the burning is complete, the applicant will again call Lake County Dispatch, and give notice that the fire is extinguished and secure. THIS PERMIT SHALL BE REVOKED IF YOU DO NOT FULLY EXTINGUISH THE FIRE AT THE END OF EACH DAY'S BURNING.
