Mitigation and Recovery Program Report

July 7, 2015

DHSEM is working with governments, private-nonprofit organizations, and other critical partners on the following mitigation and recovery efforts.

Grant Funds for Coordinating and Planning on Federal Land in Colorado: Grant funds are available to support more effective local government coordination and engagement in federal land management decision-making processes. As a result of House Bill 15-1225, there is a total of \$1,000,000 offered per fiscal year for 3 years beginning Fiscal Year 2015/2016. Funding opportunities include: Planning analysis; Public engagement; Coordination & collaboration with federal agencies and stakeholders; and, Other similar or related processes needed to help local government engagement in the federal land management. *All projects must be tied to improving coordination or local engagement in federal land management decision-making processes. Please visit <http://dola.colorado.gov/fedlands> for details about the program.

Lead State Agency	DHSEM
DHSEM POC	Scott Baldwin, Acting Deputy State Hazard Mitigation Officer
Guidance	FY 2015 Guidance & Addendum: www.fema.gov/media-library/assets/documents/103279
Program Update	The competitive FEMA Pre-Disaster Mitigation (PDM) Program is authorized under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended. This program makes federal funds available to State, Local and Tribal Governments to implement and sustain cost-effective measures designed to reduce the risk to individuals and property from natural hazards, while also reducing reliance on Federal funding from future disasters. FEMA has announced PDM program availability for this year. DHSEM is currently accepting notices of interest/intent from eligible potential sub-applicants. \$30 million is available nationally. A

complete *State* application, including all sub-applications, is due to FEMA no later than August 28, 2015.

Program FEMA Flood Mitigation Assistance Program (FMAP)

Program FEMA Hazard Mitigation Grant Program (HMGP)
Lead State Agency DHSEM
DHSEM POC Scott Baldwin, Mitigation Specialist
Guidance FEMA HMGP guidance documents may be found at <http://www.fema.gov/hazard-mitigation-grant-program>
Program Update

The State is currently working four disasters that involve HMGP funding: DR-4067, DR-4133, DR-4134 and DR-4145

- A total of 98 HMGP applications have been submitted to FEMA for formal review. FEMA is working on reviewing the applications and providing the State with a FEMA request for information (RFI). The State is then forwarding the FEMA RFI to the sub-applicant and assisting them with questions and helping guide them through the RFI process. A breakdown of projects by disaster is shown below:

Disaster	Number of Projects
4067	4
4133	2
4134	7
4145	85
Total Projects	98

- FEMA RFI response is mandatory.** Once a FEMA RFI is distributed, sub-applicants are highly advised to provide their FEMA RFI response to the state within twenty calendar days of receipt. This will allow for state review and comment prior to FEMA submission. Failure to provide responses to the state within the twenty day period will result in responses being sent to FEMA without review. Response to a FEMA RFI is mandatory within thirty days. Failure to respond to a FEMA RFI within this deadline will result in project removal from the HMGP. Projects can only be reinstated in the HMGP through an extended appeal process.
- The State has suspended all regular HMGP Conference Calls including 5%, Generator, Wildfire, and general information calls. Due to the different stages and timelines for the many project types, individual coordination is a more appropriate and effective use of time. Pertinent or general project information will be communicated via email or phone call as necessary.

- FEMA continues to review project applications. Only eleven projects remain in the initial FEMA review queue. Many projects have been awarded and many projects have been issued a FEMA Request for Information, which requires the sub-grantee to provide clarification to FEMA. The State is working to assist the sub-grantee through the RFI process.
- Mitigation staff conducted DR-4145 Grant Kickoff meetings with numerous HMGP grantees recently including the City of Evans, Four Mile Fire Protection District, Sunshine Fire Protection District, the Town of Superior and Weld County. The kickoffs included project initiation for 5%, generators, and minor flood control construction. The state looks forward to hosting further kickoff as more grants are awarded by FEMA.
- The Mitigation Team has received all Notice of Intent (NOI) forms for the FY15 Hazard Mitigation Assistance Guidance grants, including the Pre-Disaster Mitigation Program (PDM) and Flood Mitigation Assistance Program (FMA). Mitigation staff is currently reviewing submitted NOIs for program eligibility and will be following up with

local contacts soon. Further information about PDM & FMA can be found on the [DHSEM Grant Programs website](#).

Program Update

- Colorado Voluntary Organizations Active in Disasters (COVOAD)
 - COVOAD's Emotional and Spiritual Care (ESC) Committee met on Monday, June 29, 2015. The group, chaired by Don Falvey from United Methodist Committee on Relief (UMCOR), continues to expand Emotional and Spiritual Care resources for the state of Colorado. In their recent meeting, the group created Curriculum and Vetting Sub-Committees. These committees will create course materials and screen future applicants who wish to become Colorado Volunteer Mobilizer (CVM) credentialed Emotional and Spiritual Care Providers. The ESC Committee was happy to host guest speaker, Koral O'Brien, CDPHE Volunteer Coordinator. Ms. O'Brien provided additional information on how ESC Providers and Trainers would be processed through CVM. The ESC Committee will meet again July 22, and plans to have reports from the Curriculum Committee and Vetting Committee.
