

2018 Severe Weather Spotter Training

National Weather Service and
Morgan County Office of Emergency Management

Date: May 16, 2018
Time: 6:30pm
Location: Bloedorn Lecture Hall
Morgan Community College
920 Barlow Rd. Fort Morgan, CO 80701

Learn about:

- Basics of thunderstorm development
- Fundamentals of storm structure
- Identifying potential severe weather features
- How to report information and more!

This presentation is free and open to the public. Basic training will be followed by advanced training for anyone wishing to stay.

The National Weather Service will count on you to be our "eyes" out in the field, when trying to verify severe weather across northeast Colorado.

The National Weather Service in Boulder warns for 22 counties, and your reports are very helpful as we make warning decisions on severe thunderstorms.
