YOUR LIFE
YOUR FAMILY
YOUR PROPERTY

And it's
FREE

How Do You Get Your Emergency Information?

Never rely on only one source to receive your urgent information. The best strategy is to have multiple methods of notification. Morgan County's **Hyper-reach system** is one source. Other examples include:

- NOAA weather Radio
- Radio and Television
- Cellular phone applications
- Websites
- Social media

MORGAN COUNTY

EMERGENCY ALERT NOTIFICATION

INFORMATION IS POWER

Make sure you have the information you need to stay safe and protected

Emergency alerts provide warnings about urgent situations including natural disasters, health concerns, weather warnings, or law enforcement alerts

4 EASY WAYS TO SIGN UP FOR ALERTS

1 Scan This QR Code

2 Go To:

Morgan County's website or clink on the link

http://hyper-reach.com/comorgansignup.html

Visit the Morgan County website. On the front page, scroll down until you see a picture of a tornado on the left-hand side.
Click the "Sign Up" button to be taken to the registration page.

When you register, you can receive important alerts in many different formats, including:

- Text Message
- Voice Message
- Email

There is no limit on the amount of phone numbers or e-mail address you register.

You may also register your phone number to multiple locations so you are informed about an incident somewhere other than your home address.

You will have the option to create an account so you can update or change your information.

3 Call 970-500-2577

And you will be led through an easy sign-up process by answering a few simple questions. You can call from any phone, including your cell phone. Get your phone number registered today!

4 TEXT "Alerts" To 970-500-2577

Get easy access to the Hyper-reach sign-up page by texting the word "alerts" to 970-500-2577. Follow the quick and easy prompts to get registered to start receiving important information.
