4. Adjourn

Mayor's Note

The last-minute posting for this meeting is regretful, and I understand that perhaps not all constituents will be able to attend. This is a necessary meeting for the continuance of the approval process with the County, who will review this IGA at their Nov. 7th County meeting. Pitkin will further discuss this agenda item at our November 7th regular meeting. All constituents are invited to attend both meetings!

I look forward to seeing you there.
