August 15, 2014

Eric Kurtz
Joint Budget Committee Staff
200 East 14th Avenue, Third Floor
Denver, CO 80203

Dear Mr. Kurtz:

Enclosed please find a report to the Joint Budget Committee on the Health Care Policy and Financing expenditures and caseload for Medicaid and the Children's Basic Health Plan pursuant to FY 2014-15 Legislative Request For Information #3:

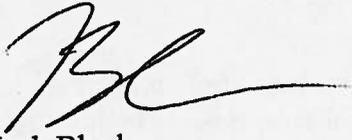

"Department of Health Care Policy and Financing, Executive Director's Office -- The Department is requested to submit monthly Medicaid expenditure and caseload reports on the Medical Services Premiums, mental health capitation, and the intellectual and developmental disabilities line items to the Joint Budget Committee, by the fifteenth or first business day following the fifteenth of each month. The Department is requested to include in the report the managed care organization caseload by aid category. The Department is also requested to provide caseload and expenditure data for the Children's Basic Health Plan, the Medicare Modernization Act State Contribution Payment, and the Old Age Pension State Medical Program within the monthly report."

The data contained in this month's Medicaid expenditure and caseload report is reflected as of July 31, 2014. The current report contains a separate worksheet for Medical Services Premiums expenditure by service category and Medicaid caseload data by eligibility category, which includes the monthly and over-the-year growth rates. Year-to-date caseload averages for clients in risk-based managed care organizations, non-risk based managed care organizations, and the Primary Care Physician Program appear in the Medicaid caseload worksheet. Beginning in FY 2012-13, the Department is reporting on the number of clients enrolled in the Accountable Care Collaborative. This count is based on capitations paid to a Regional Care Collaborative Organization (RCCO) for the month of service, and does not include clients who have been attributed to a RCCO but for whom a capitation has not been paid. This report also includes caseload and expenditure data for the Old Age Pension State Medical Program and the Medicare Modernization Act (MMA) State Contribution Payment. Beginning in FY 2014-15, the Department is reporting on the Division of Intellectual and Developmental Disabilities (DiDD) expenditure and caseload for Medicaid Waivers and State Only Programs.

Effective August 2015, many eligibility categories have been revised to reflect significant changes in eligibility standards, special financing for specific populations, and adoption of a common nomenclature. Specifically, please note the following changes: 1) "Categorically Eligible Low-Income Adults (AFDC-A)" and "Expansion Adults to 68% FPL" have been consolidated and are now titled "MAGI Parents/Caretakers to 68% FPL", 2) "Expansion Adults to 133% FPL" are now titled "MAGI Parents/Caretakers 69% to 133% FPL", 3) "Adults without Dependent Children (AwDC)" are now titled "MAGI Adults", 4) Eligible Children (AFDC-C/BC) has been bifurcated into "MAGI Eligible Children" and "SB 11-008 Eligible Children", and 5) Baby Care Program-Adults has been bifurcated into "MAGI Pregnant Adults" and "SB 11-250 Eligible Pregnant Adults". Where applicable, historical values have been restated to reflect an accurate history for the revised groupings.

If you have any questions, please contact Josh Block at (303) 866-4116.

Sincerely,

A handwritten signature in black ink, appearing to be 'JB' with a long horizontal flourish extending to the right.

Josh Block
Budget Director
