 Conejos, Costilla, El Paso, Huerfano, Lake, Mesa, Morgan,
 Ouray, Saguache and Sedgwick.

* May not sum to total due to rounding.

Per §39-21-113(4), C.R.S., data derived from taxpayer returns must be combined in order to protect the confidentiality of individual taxpayers. It is the Department's practice to release aggregated data only when there are at least three taxpayers in a given category and none of them represents more than 80% of the total.

These reports differ from those previously published. Medical marijuana sales by county will no longer be reported. Previous reports were based on taxpayer-reported sales for a particular filing period, while these reports show actual taxes paid in a given month. These two methods of reporting marijuana data are not directly comparable. Going forward, all reports are based on actual taxes paid in a given month.
