

Mission: To provide the highest quality water at the most affordable price for current customers and to provide for the expansion of the District as growth occurs.

Greetings Neighbors,

Water Quality: The Board continues to monitor water quality so if you feel your quality is not what it should be, let us know by calling **303-987-0835**.

Service notification: The District has scheduled annual maintenance to our pump stations on March 23, 2016. Residents may experience lower than normal water pressure between the hours of 9 am and 11 am that day. Should you have any questions, please contact Lisa Johnson, District Manager at 303-987-0835.

Come to our Board Meetings: Our next meeting is 5 April at 5:30 PM at the United Power Building on the frontage road next to the Trans West facility. If you are unable to attend, you can send me your question, comment or concern at the email address below and I will ensure that the Board gets it.

Regards,

Jeff Polliard, Treasurer
